SUBJECT: EcoDensity Next Steps - Recommendations on Timing and Consultation

On February 26, 2008 City Council received a report from the Director of Planning with the following:

RECOMMENDATION

- A. THAT, after completion of the EcoDensity Special Council meeting, Council instruct the Director of Planning to report back with revisions to the draft Charter and draft Initial Actions, in response to public input received.

The Special Council meeting concluded on April 3. Council decided at that time to defer any decisions until the next Council meeting on April 15.

The Director of Planning puts forward the following for April 15 Council, in addition to Recommendation A above, to address issues of timing and opportunity for public comment on the report back:

CONSIDERATION

- B. THAT staff report back to Council on May 27, 2008, with the report posted on the web by May 13, to provide 2 weeks for public review; and if there are delegation requests, a single special meeting time be set up in early June to hear all delegations.

OR

C. THAT staff report back on June 10, 2008 with the report posted on the web by May 13, to provide 4 weeks for public review; and that public comment be accepted through written submissions instead of delegations.
