Thank you for your comments.

All public comments submitted for the public hearing that are received not more than 15 minutes after the close of the speakers list for that public hearing will be distributed to members of Council for their consideration. The public comments must include the name of the writer.

In addition, these public comments will also be posted on the City's website ([http://vancouver.ca/ctyclerk/councilmeetings/meeting\\_schedule.cfm](http://vancouver.ca/ctyclerk/councilmeetings/meeting_schedule.cfm)).

Please note that your contact information will be removed from the comments, with the exception of the writer's name. Comments received after the start of the public hearing should not exceed 1500 words.

Public comments submitted for the public hearing that are received more than 15 minutes after the close of the speakers list, will not be distributed until after Council has made a decision regarding the public hearing application and the related bylaw is enacted, if applicable.

For more information regarding Public Hearings, please visit [vancouver.ca/publichearings](http://vancouver.ca/publichearings).

Thank you.

Subject: Beach Towers: opposition to the rezoning

I am strongly opposed to the rezoning application at 'Beach Towers'.

I am opposed to the rezoning because of the tremendous opposition by the public, the role of heritage of the existing buildings, the fact that the proposed new units are very unaffordable to any average Vancouver resident (as proven by numerous speakers and prices of existing Beach Towers apartments being higher than submitted prices in the proposal) and that the proposed 'overfill' will block public views to the thousands of renters, owners and visitors to the area.

Best regards,  
Maya

**Subject:** beach towers rezone

watching the video stream and totally disgusted with the rental charges as quoted..Where did these figures come from?

Studio units rent for 1300.00+ and two beds for 2500.00+. Perhaps that is why there are so many empty units in this complex/

Does anyone check out any of these so called facts before you report them.? Please reject this proposal, it is flawed beyond beyond belief.

Kaaren Mortimer

**To:** Ludwig, Nicole; fiona o'connell  
**Subject:** Beach Towers Public Hearing tonight - Speaker 50 Fiona O'Connell

Hi Nicole,

Thank you so much for your email regarding the Public Hearing extension for this evening at City Hall. I am scheduled to be Speaker 50 I believe, or approx that number.

With deep regret I am not available to attend this evening as it is my late shift at the Hospital I work at.

I have submitted via email my letter of opposition (also attached here) to Mayor Robertson and to the [publichearing@vancouver.ca](mailto:publichearing@vancouver.ca) address and also emailed some additional comments regarding my opposition to the rezoning at beach Towers. I hope that this can be submitted for the hearing and if anyone wishes to and is able to read it out during the hearing in place of me on my behalf I would very much appreciate this.

A final comment that I wish to add today is that I am aware of city life and the need for development and understand that this rezoning application may be considered and may end up going ahead. I sincerely hope it does not, and that we Westenders are able to successfully oppose the application all together, but if building is to go ahead then I am sure that we all would hope and ask that the buildings height be restricted to max 4 storeys, thus not blocking out residents views and light. The beauty of the Westend (as I have stated in my letter) is with the open spaces and low rise buildings that allow and preserve the small town neighbourhood feel and the wonderful views and light. Again, ideally, we all hope that there will be no development on the beach Towers site at all.

Many thanks indeed and I hope all goes well for my fellow neighbours this evening.

Yours sincerely,

Fiona O'Connell

Dear Mayor Robinson,

I ask that this proposal gets voted down.

There are many people in the city who will be impacted. Just not those who live in the area.

This will set a precedent that could lead to others wishing to build on nay piece of land they own.

Also consider the impact on those who park in the area as well as those visiting. Please think about the impression it will make for tourist who often visit the area. There is the races and events that go down Beach Ave. that may have to be detoured as well as detouring traffic.

The noise level for the construction will once again disrupt neighbours who had to experience high noise levels during the repair of the sea wall.

Please don't make this a fast decision. Please consider all the people of your city and what legacy you will leave.

Thank you for your support and understanding.

Best Regards,

Sandy Weames
