Hi, my request to mayor and councillors is to give homeowners the OPTION to retain or demolish pre 1940 character house in RT11 zoning (on bigger lots) where we can built small houses/infills-- same option as it is with other zoning. Some of these houses are rundown and do not fit in the neighbourhood. New construction would definitely be an improvement. thanks

Re: Support for the Norquay Village Neighbourhood Centre Plan

To the Mayor and Council of the City of Vancouver:

For and on behalf of the members of the Board of Directors, staff and members of the Multicultural Helping House Society who are residents of Vancouver and the neighbouring residents of the NVNCP, I am signifying my support on this proposed development located at 2220 Kingsway.

I believe that a project of this magnitude will provide affordable housing to low-income earners and especially the new immigrants who are in transition stage.

Needless to say that this project will enhance a safe and vibrant neighbourhood beneficial to the community and its surroundings and the Multicultural Helping House Society situated within the parameter of the Kingsway proposed project. Moreover, more immigrant clients would avail our programs and services because of its location.

Hence, I respectfully endorse the Norquay Village Neighbourhood Centre Plan proposal.

Sincerely,

TOMAS AVENDANO
