Subject: Rezoning for 275 Kingsway (333 East 11th Ave) - Support

Hello,

I'm a resident of Mount Pleasant and I am writing in support of the proposed rezoning for 275 Kingsway. I welcome any new housing in the neighbourhood, but especially new rental housing.

This is an especially convenient location for living without a car - it's next to a grocery store and multiple bus lines. Because of that, I think it's very regrettable that the city required so much parking in this project.

Aside from that, I fully support this project and hope that many more like it are approved in my neighbourhood and others.

Thank you for your time,
Reilly Wood
