Dear Mayor and Council of the City of Vancouver

I am wholeheartedly against the adoption of the bylaws which propose to designate First Shaughnessy as a "Heritage Conservation Area". This is a disingenuous and wrong-headed scheme to try to avoid paying compensation while depriving certain Shaughnessy owners of some of the value of their properties and effectively expropriating property rights. Many of the purportedly heritage properties are unexceptional and commonplace. They have no objective heritage value. Any heritage designation should only occur on a case by case basis in respect of those properties that merit it, with compensation paid as contemplated in Section 595 of the Vancouver Charter(SBC 1953) Chapter 55.

Please do not pass these proposed by laws.

Sincerely

You Shan Wang

I am wholeheartedly against the adoption of the bylaws which propose to designate First Shaughnessy as a "Heritage Conservation Area".

This is a disingenuous scheme to attempt and avoid paying compensation while depriving certain Shaughnessy owners of some of the value of their properties and effectively expropriating property rights. It will create a two class citizens in the area.

Many of the purportedly heritage properties are unexceptional and commonplace. They have no objective heritage value. Some are run down and I would say even not safe to live in. Thus any heritage designation should only occur on a case by case basis in respect of those properties that merit it, with compensation paid as contemplated in Section 595 of the Vancouver Charter (SBC 1953) Chapter 55.

Please do not pass these proposed bylaws.
