Please consider my submission in strong support of this initiative. I have been directly supported in the past, belonging to a housing coop, in Vancouver and the community that supports each other to become independent and empowered in these types of living collectives promotes long term positive results, results that have immediate positive impact providing a sense of "belonging" and community, and well as long term building of strong and safe relationships for our children.

Thank you,

Tracey Korotash

Additional Comments:

I would like to go on record as supporting the proposed Container Housing to be built at 420 Hawks Avenue. As a First Nations woman and as a retired social worker I know that safe, clean, and supportive housing enables and empowers women to reach their potential, both in the First Nations community but in the wider community as well. I currently work as an artist out of the studio located in the current building, and we work hard to build bridges and work on a neighborhood acceptance plan by inviting women in the area to come into the studio and get to know us.

Sincerely,

Vivian Bomberry
