Hi Richard,

I'm glad to hear that this is finally going to city hall. As you know I support this project as I would love to have a cafe & community gathering place in the neighbourhood.

The main concern from my neighbours and myself is the lack of parking.

Unfortunately I can't make it to city hall tomorrow night. Please let me know how it goes.

Cheers,
Katie

Hi Katie,

Just wanted to reach out and let you know that the project is going to Public Hearing on June 21st. Wondering if you had any further questions about the project? Also wondering if you've heard any comments from any of your neighbours about the proposal?

Best regards,

Richard

Hi Richard,

I received your letter regarding the B.K. Grocery building. As a home owner in this area, I welcome the addition of a cafe/grocery store to the area. I think the neighborhood could really use a social gathering point.

I've reviewed the city plans and I don't have an issue with the number of units, but I am concerned that parking could become an issue in this area. It does not appear that any of the units have a dedicated parking spot, is that the case? With increasing densification, available street parking will continue to decrease, which is a concern for me.

I hope that this project goes through, and I look forward to hearing your thoughts.

Cheers,
Katie Bedford
