**Subject:** Rezoning Application - 1037 West King Edward Avenue

I support this project because it provides necessary affordable housing when Vancouver is slowly becoming increasingly unaffordable to live in. The convenient accessibility to public transit is very helpful in allowing people to be more environmentally conscious.

Hello,

Unfortunately I am unable to attend the public hearing on June 21.

I am writing to tell you that I am in favour of the rezoning here, I think Vancouver is in much need of more rental housing especially and this is a very convent location.

Thank you.

Best regards,

Claire

**Subject:** Rezoning of 1037 West King Edward

I am writing to offer my unequivocal support for the rezoning application for the above mentioned property. As a long term resident of the greater Vancouver area, I am gravely concerned with the lack of availability of affordable Vancouver rental properties. I had been a home owner in Vancouver for the past 25 years and have recently found myself renting a property as owning property in Vancouver has become inequitable. In addition, I feel it is unlikely that my children will ever have the opportunity to own property in the Lower Mainland. This reality and the growing trend of unaffordable housing in Vancouver demands that existing restrictions be re-examined. I believe that this project fully complies with the building guidelines of the First Shaughnessy District.

Thank you for considering my support for this project.

Regards,

Tracey Kidd

I am in full support of the rezoning application.

The proposed development of this site consistent with Affordable Housing is needed.

The rental properties on the west side of Vancouver are becoming more necessary as prices have gone up and not enough to choose from. I have been renting for 7 years after selling my house in Kitsilano. In the last 4 years I have moved 4 times to stay close to my sons school ( Vancouver College ). Either do to rent increases after 1 year lease or landlord decides to build. Rent starting 3000 going to 5000 for 4 bedrooms. 2 bath or if paying 4400 3 bathrooms. Then the problem of you may have so much to choose from.

More and more students and young business people cannot afford living or have enough options, so the rent houses with 7 strangers living in.

Please consider and help with the struggles.  
Thank you in advance for your consideration.  
Sincerely,

Anna Brazier

I would like to voice my opinion on this rental building which is located two miles from my home of the past 15 years.

I am in favour of private funds building rental buildings in this increasingly unaffordable City which I was born in some 60 years ago.

I also enjoy the look of the building which will be an asset to the area.

Thanks

Lorne Goldman
