Hello there,

I am writing to oppose the rezoning application.

I object to the Phase 1 55 ft tall institutional building running virtually the length of the block on West 16<sup>th</sup> Ave depicted as a three story building on the rezoning sign.

I object to the increase of 10% to 15% in the enrollment which would compound traffic congestion especially with no acceptable parking solution.

I hereby ask the City of Vancouver to reject the York House School rezoning application.

Best regards  
Kevin Xin

To City of Vancouver,

We strongly opposed York house school to increase the number of students on their future facility. The current students have already caused us as a neighbour a lots of problems. Please do not allow them to increase the size of their building and add another 60 students in their school.

Thanks

Adam
