**Subject:** Proposed Building - 1055 Harwood  
  
**Importance:** High

To Whom It May Concern - I am strongly opposed to the building that is planned to be built at 1055 Harwood St. in Vancouver.

There is already way too much construction going on in this neighborhood as it is. This area is my home and I think that the developers are ruining the whole face of the West End by bulldozing the smaller buildings to be replaced by monstrous towers.

These developers have no foresight in what they are doing. This area of the city is going to become so congested that it will create huge problems not only for traffic, but also for the quality of living for the present residents of the West End.

Thank you.

JRS
