As I understand this was an opportunity city of Vancouver proposed to help offset the loses from the Olympic village.

If only 20 feet of height will generate over \$5M in money for the city, I just ask council that it goes into making life better for families. It could do a lot of good

Thank you

Hello,

My name is Shelby Lacey and I reside at [REDACTED] s. 22(1) Personal and Confidential

I support this amendment to 1768 Cook St and understand many of the developers in the neighbourhood have already taken this offer from the City of Vancouver.

I would greatly appreciate seeing the five million being generated support the building of below market housing or programs for first time home buyers.

It is a large amount of money for what is being proposed, and would like to see these funds put to good use!

Thank you for your time,

-Shelby Lacey

Subject: Support for 5.1M in community amenities for 1768 Cook Street

Hello,

I am the owner of s. 22(1) Personal and Confidential

I live in City Gate and have been following the False Creek community development for years. My husband and I are looking to start a family in the near future.

I noticed the amendment to 1768 Cook Street to add a penthouse in exchange for \$5,139,652 in community contribution. I would like to ask that the money go directly back into community programs in the neighbourhood. It's a chance for this council to make sure neighbourhood funds flow back into the neighbourhoods they are extracted from.

There seems to be minimal impact to the neighbours. The only views obstructed appears to be penthouses that got the extra height as well so it seems like a wash to me.

Thank you for your time and attention on this matter.

Best regards,

Ye Yang.

Dear Council,

I've been following the development at 1768 Cook Street and I understand there is an amendment that will add approximately \$5.1 million in community subsidies. I support this amendment and would like to see this allocation go towards creating a Dragon Boat boathouse in False Creek. I live in East False Creek and it would be a shame to see this event lost in the community. I am an avid supporter and The Dragon Boats bring a world-class event to our community and provide a unique flavor. I hope that this community contribution could support the retention of this event and others.

Sincerely,
Matt Grant

Dear council,

I support the amendment to 1768 Cook Street and would love to see some of that Concord Pacific money go towards the community to make a difference for all of us with taxes or better yet some amenity improvements for parks, family facilities, new sports areas and whatever you can think of.

Please and Thank you.
