ADMINISTRATIVE REPORT

Report Date: November 28, 2008
Contact: Chris Warren
Contact No.: 604.871.6033
RTS No.: 07704
VanRIMS No.: 08-2000-20
Meeting Date: December 16, 2008

TO: Vancouver City Council
FROM: Director of Development Services
SUBJECT: Year 2009 Zoning, Building and Trade Permit Fee Increases

RECOMMENDATION

- A. THAT Council approve an across-the-board 4% increase in all Zoning and Development, Subdivision, Sign, Tree Removal, Secondary Suite Inspection, Electrical, Building, Gas and Miscellaneous fees to compensate for inflationary increases to the City's costs.
- B. THAT Council approve an additional increase to the Board of Variance fee to \$275.
- C. THAT Council approve an increase to NSF charges to \$35.
- D. THAT the Director of Legal Services bring forward for enactment the necessary amendments to By-law Numbers 5585, 5208, 5563, 6553, 3507, 6510, 7347, 5644 and 9419, generally in accordance with the attached fee schedules, to be effective January 1, 2009.
- E. THAT the Director of Development Services and the Chief Building Official advise the development and building community of these changes.

GENERAL MANAGER'S COMMENTS

The General Manager of Community Services RECOMMENDS approval of A through E.

CITY MANAGER'S COMMENTS

The City Manager RECOMMENDS approval of A through E.

COUNCIL POLICY

It is Council policy that fees and charges be established on the basis of the cost of providing the associated services or at market level where the service is provided in a market environment.

SUMMARY

Fees are traditionally adjusted on an annual basis to keep them consistent with City costs. In general, inflationary pressures for the base costs of operations are 4% for 2009. This amount has been applied to all applicable fees. Affected by-laws have been amended for Legal Services to bring forward for enactment, generally in accordance with the attached Schedules in Appendix A.

PURPOSE

The purpose of this report is to seek Council's approval for increases to fees collected under the following by-laws:

- Zoning and Development Fee By-law #5585;
- Subdivision By-law #5208;
- Building By-law #9419;
- Electrical By-law #5563 in terms of "base/flat fee" charges;
- Secondary Suites Inspection By-law #6553;
- Gas By-law #3507;
- Sign By-law #6510;
- Private Property Tree By-law #7347; and
- Miscellaneous Fees By-law #5664.

BACKGROUND

The primary reason for inflationary increases is to keep fees consistent with City administration and enforcement costs which increase primarily in direct response to contractual salary-related costs. Fees have traditionally been adjusted annually for inflation, other than when fees have been more comprehensively reviewed as to costs and market rates for equivalent service(s).

An interdepartmental fee review was completed earlier in 2008 and is the subject of a companion report (RTS #07135).

DISCUSSION

Approval in December of increases for 2009, to be enacted before year-end and effective January 1, 2009, would provide advance notice to prospective applicants of forthcoming increases. Annual inflationary fee increases have been well established and it is reasonable to expect an increase next year. Furthermore, to provide some additional forewarning, written notice was sent to industry groups in November advising of the 2009 increases to be recommended by staff. Notices were also posted in several locations in the East Wing where prospective applicants, many of whom are frequent customers, attend to obtain the identified services.

In addition to the inflationary increase, two fees warrant further increases:

- Board of Variance fees are voluntary and are collected at only 15% of costs. During the 2007 Interim Operating Budget process, these fees were increased from \$92 to \$162, and are currently \$168. At that time, it was identified that the fees should be brought more in line with costs and it was anticipated that fees would be increased on an annual basis until costs were more fully recovered. The notion of utilizing a sliding scale relative to the Development Permit fee structure was discussed and has been utilized to calculate the recommended increase. By way of explanation, the 2009 base permit fee for a single family home with minor renovations will be \$351 plus 4%. For 2009, it is recommended that Board of Variance fees be calculated at 75% of this base fee, resulting in a Board of Variance fee of \$275. It is expected that for 2010, a recommendation will be made to increase this to 100% of the base fee, as will the establishment of a higher, maximum fee which would be applied to appeals on multiple use sites with higher densities.
- Also recommended in the companion report is a change to NSF fees to bring them into line with what is charged in other parts of the organization. Currently, the Community Services Group charges \$20 for NSF cheques. In Corporate Services, \$35 is charged, with a proposal of an increase to \$40 in 2009.

ALTERNATIVES/OPTIONS

Council could choose to apply a different increase than that recommended.

FINANCIAL IMPLICATIONS

It is City policy to establish fees and charges on the basis of cost recovery. In general, inflationary pressures for the base costs of operations are 4% for 2009. Based on the 2008 revenue budget, the recommended fee inflationary increases would result in an approximate increase in the 2009 revenue budget of \$1.04 Million.

IMPLEMENTATION PLAN

Should Council approve the recommended fee changes, it is intended the consequential by-law amendments would be enacted at the December 18, 2008, City Services and Budgets Committee, so that the amended by-laws would bring the new fees into effect on January 1,

2009. It should be noted that this report is a companion to the "2008 Interdepartmental Review of development, Building and Related Fees" report. The Schedule attached to this report shows the inflationary and other increases recommended.

COMMUNICATIONS PLAN

As is our practice, industry groups have been notified of the proposed inflationary fee increases and this year, as a result of an interdepartmental fee review, have also been notified of the fee review results and recommendations. Notices were also posted in several locations in the East Wing where prospective applicants, many of whom are frequent customers, attend to obtain the identified services.

CONCLUSION

It is recommended that a 4% inflationary increase be applied to fees related to zoning, development, building, trades and related permits and approvals, with higher increases to Board of Variance fees and NSF charges. It is also recommended that Legal Services bring forward by-law changes for enactment.
