MOVED by Councillor Reimer

THAT the Committee recommend to Council

WHEREAS the City of Vancouver is committed to bringing the community into City Hall by engaging citizens, and soliciting their ideas, input and creative energy;

WHEREAS municipalities across Canada have an opportunity to dramatically lower their costs by collectively sharing and supporting software they use and create;

WHEREAS the total value of public data is maximized when provided for free or where necessary only a minimal cost of distribution;

WHEREAS when data is shared freely, citizens are enabled to use and re-purpose it to help create a more economically vibrant and environmentally sustainable city;

WHEREAS Vancouver needs to look for opportunities for creating economic activity and partnership with the creative tech sector;

WHEREAS the adoption of open standards improves transparency, access to city information by citizens and businesses and improved coordination and efficiencies across municipal boundaries and with federal and provincial partners;

WHEREAS the Integrated Cadastral Information Society (ICIS) is a not-for-profit society created as a partnership between local government, provincial government and major utility companies in British Columbia to share and

integrate spatial data to which 88% of BC local governments are members but Vancouver is not;

WHEREAS digital innovation can enhance citizen communications, support the brand of the city as creative and innovative, improve service delivery, support citizens to self-organize and solve their own problems, and create a stronger sense of civic engagement, community, and pride;

WHEREAS the City of Vancouver has incredible resources of data and information, and has recently been recognized as the Best City Archive of the World.

- A. THEREFORE BE IT RESOLVED THAT the City of Vancouver endorses the principles of:
- **Open and Accessible Data** - the City of Vancouver will freely share with citizens, businesses and other jurisdictions the greatest amount of data possible while respecting privacy and security concerns;
  - **Open Standards** - the City of Vancouver will move as quickly as possible to adopt prevailing open standards for data, documents, maps, and other formats of media;
  - **Open Source Software** - the City of Vancouver, when replacing existing software or considering new applications, will place open source software on an equal footing with commercial systems during procurement cycles; and
- B. BE IT FURTHER RESOLVED THAT in pursuit of open data the City of Vancouver will:
1. Identify immediate opportunities to distribute more of its data;
  2. Index, publish and syndicate its data to the internet using prevailing open standards, interfaces and formats;
  3. Develop appropriate agreements to share its data with the Integrated Cadastral Information Society (ICIS) and encourage the ICIS to in turn share its data with the public at large;
  4. Develop a plan to digitize and freely distribute suitable archival data to the public;
  5. Ensure that data supplied to the City by third parties (developers, contractors, consultants) are unlicensed, in a prevailing open standard format, and not copyrighted except if otherwise prevented by legal considerations;
  6. License any software applications developed by the City of Vancouver such that they may be used by other municipalities, businesses, and the public without restriction.
- C. BE IT FINALLY RESOLVED THAT the City Manager be tasked with developing an action plan for implementation of the above.

carried

AMENDMENT MOVED by Councillor Anton

THAT B and C be amended by:

- adding the word "consider" to the first line in B and subsequent verbs modified; and
- the phrase "tasked with developing" be struck in C and replaced with "requested to report back with recommendations and budget for"

to read:

- B. BE IT FURTHER RESOLVED THAT in pursuit of open data the City of Vancouver will consider:
1. Identifying immediate opportunities to distribute more of its data;
  2. Indexing, publishing and syndicating its data to the internet using prevailing open standards, interfaces and formats;
  3. Developing appropriate agreements to share its data with the Integrated Cadastral Information Society (ICIS) and encouraging the ICIS to in turn share its data with the public at large;
  4. Developing a plan to digitize and freely distributing suitable archival data to the public;
  5. Ensuring that data supplied to the City by third parties (developers, contractors, consultants) are unlicensed, in a prevailing open standard format, and not copyrighted except if otherwise prevented by legal considerations;
  6. Licensing any software applications developed by the City of Vancouver such that they may be used by other municipalities, businesses, and the public without restriction.
- C. BE IT FINALLY RESOLVED THAT the City Manager be requested to report back with recommendations and budget for an action plan for implementation of the above.

6. City Comments on Draft Regional Growth Strategy: *Metro Vancouver 2040*  
(February 2009)  
May 12, 2009

City-Wide and Regional Planning staff provided an overview of the report, and together with Strategic Transportation staff responded to questions.

The Committee heard from six speakers who expressed concerns regarding regional growth strategies with respect to population and sea rise projections, food security, climate change, oil port issues, scope of consultation, and provincial and TransLink control on local land use.

The Committee agreed to further discuss issues pertaining to regional growth strategies with delegations at a future Standing Committee on Planning and Environment.

-----  
*At this point in the proceedings, Councillor Reimer relinquished the Chair to Councillor Louie to allow her to participate in debate.*  
-----

MOVED by Councillor Reimer  
THAT the Committee recommend to Council

- A. THAT Council conveys support for the Goals and Strategies (as listed in Appendix A of the Policy Report dated May 12, 2009, entitled "City Comments on Draft Regional Growth Strategy: *Metro Vancouver 2040* (February 2009)".
- B. THAT Council conveys support for the overall regional land use concept (summarized in above-mentioned Appendix A) which consists of a clear urban containment boundary that protects green areas and limits the extent of urban development; focuses growth in urban centres and along key transit corridors; maintains a regional industrial land base; and connects land use and transportation to support transit, walking, cycling and goods movement; AND FURTHER THAT Council acknowledge to Metro that the accompanying targets for dwelling units and employment are consistent with Vancouver zoning and policy, noting that they are a minimum not a maximum.
- C. THAT Council conveys support for regional land use regulation for the Urban Containment Boundary, Agricultural Area, and Conservation/ Recreation Area, AND FURTHER ADVISES THAT additional comments will follow on more detailed aspects of the Conservation/ Recreation Area, after upcoming consideration by the Board of Parks and Recreation and Council.
- D. THAT, with respect to the proposed regional land use regulation for urban development lands (Urban Centres, Frequent Transit Development Corridors, Industrial Areas, Industrial/Commercial Areas), Council supports the intent of protecting a core regional industrial base. Council recognizes the need to identify strategic industrial land in the region and to protect it for industrial use through regional regulation,

with the details of the regulatory process to be worked out together with all municipalities. Furthermore, Council supports the need for regional land use input for other urban development lands (Urban Centre, Transit Development Corridors, Mixed Industrial/Commercial areas). The approach for industrial land use regulation should allow for an acceptable level of flexibility and municipal self-determination; and subject specifically to the following:

- i. Respect for existing municipal plans and policies, and of planning processes underway rather than basing policy only on already built development;
  - ii. Consideration of a wider range of uses permitted in industrial areas, such as film and sound production studios, rehearsal studios, and broadcasting stations, as well as selected types of non-ancillary offices that are limited to a portion of the total buildable density such as the Mt Pleasant industrial area;
  - iii. More clarity about the process and timing for the Regional Context Statement amendments that would be required before a municipality could effect a zoning change; and development of a timely and efficient process for both Metro and municipalities;
  - iv. A focus on industrial land specifically for the regulatory approach, with a different level of regional input for other lands such as Urban Centres, and a focus on the Metro Board's specific role, rather than including other reviewing agencies like the Province and TransLink;
  - v. Flexibility for municipalities to permit non-industrial land uses at rapid transit stations, along with criteria for industrial land protection at these locations, such as described in the Policy Report dated May 12, 2009, entitled "City Comments on Draft Regional Growth Strategy: *Metro Vancouver 2040* (February 2009)", to better combine industrial land protection with increased transit ridership;
  - vi. Commitment in the Regional Growth Strategy to additional work as described in this report; i.e., on-going monitoring and reporting, and especially the development of a more comprehensive strategy tool kit for industrial and commercial land, for the longer term.
- E. THAT, to better address affordable housing issues, Council conveys the need for a comprehensive Regional Housing Action Plan to be prepared by Metro, along with the requirement for municipal Housing Action Plans, through a collaborate process and partnership among all levels of government, the private sector, the public, and community partners; AND THAT Metro engage regional stakeholders to review the estimates of future rental, ownership and affordable housing demand to identify a more equitable and achievable policy direction for municipal housing.

- F. THAT Council conveys additional more detailed comments, questions, and suggestions on the proposed actions, maps, and tables as recorded in Appendix B of the Policy Report dated May 12, 2009, entitled "City Comments on Draft Regional Growth Strategy: *Metro Vancouver 2040* (February 2009)".
- G. THAT Council requests that the next draft of *Metro 2040* be reviewed by member municipalities prior to Metro Board initiation of the formal regional plan approval process of public hearing, concurrence, and possible dispute resolution -- with the goal of preparing a draft regional growth strategy that will start its formal process being both effective and partnership-based - AND FURTHER THAT the timing for approval be adjusted to accommodate Olympic commitments.
- H. THAT Council send this report and its recommendations to the Metro Board, the Regional Planning Committee, Metro's Chief Administrative Officer, and other Metro member municipalities.

Budget**  
May 20, 2009

The Committee heard from one speaker from the Cambie Village Business Association who expressed concerns with aspects of the report and staff recommendations.

The City Manager and BIA Program staff responded to questions, and agreed to provide a memorandum clarifying the BIA grant program.

MOVED by Councillor Reimer  
THAT the Committee recommend to Council

- A. THAT Council approve the Cambie Village BIA Budget for the 2009-10 fiscal year, as described in the Administrative Report dated May 20, 2009, entitled "Approval of 2009-10 Cambie Village Business Improvement Area (BIA) Budget".
- B. THAT Council approve a grant to the Cambie Village Business Association (CVBA) of \$250,000, on condition that no portion of the grant monies be used to fund a lawsuit as described in the Administrative Report dated May 20, 2009, entitled "Approval of 2009-10 Cambie Village Business Improvement Area (BIA) Budget", AND THAT prior to disbursement of funding, staff obtain the appropriate agreements in writing from the CVBA.
- C. THAT Council instruct staff to bring forward the appropriate rating by-law to recover the full amount of this grant (\$250,000).
- D. THAT Council instruct staff to withhold \$150,000, pending CVBA membership approval of a revised budget that does not include expenditures for, or in aid of, the lawsuit described in the Administrative Report dated May 20, 2009, entitled "Approval of 2009-10 Cambie Village Business Improvement Area (BIA) Budget".
