MEMORANDUM

January 19, 2010

TO: Mayor and Council

CC: Penny Ballem, City Manager  
Marg Coulson, City Clerk  
David McLellan, General Manager of Community Services  
Brent Toderian, Director of Planning  
Rob Jenkins, Assistant Director, Central Area Planning

FROM: Kevin McNaney, Senior Planner, Central Area Planning

SUBJECT: Minor Typographical Correction to Recommendation B of "Vancouver Views: Downtown View Corridor and Capacity Study" (RTS 08321)

There is a minor typographical correction to **Recommendation B** in the "Vancouver Views: Downtown View Corridors and Capacity Study", which will be brought forward as a Report Reference at City Council on Tuesday January 19, 2010.

The identification numbers for some view corridors are incorrect in the report recommendation, although the general description and the information in associated Appendix A is correct.

Recommendation B should read as follows, with the corrected text indicated in bold:

B. THAT in order to strengthen and improve existing protected public views Council approve the *View Strengthening* for existing View Corridors from Granville Bridge to Grouse Mountain (views **12.1.1**, **12.1.2**, **12.1.3**), Charleson Park to the Lions (view B1), and Alder Terrace to Mount Seymour (view A), generally as described in Appendix A.
