CITY MANAGER'S COMMENTS

The City Manager RECOMMENDS approval of the foregoing.

COUNCIL POLICY

Council has a policy of delegating to the Director of Finance, on an annual basis, the financial authorities of Council under the *Vancouver Charter* to:

- approve the issuance of warrants and report the details in writing to the City Clerk for the information of Council on a monthly basis
- use capital funds on a temporary basis to meet other expenditure requirements of the City pending collection of the general purpose tax levy
- invest City funds not immediately required

Council also has a policy of establishing a short-term borrowing facility, by by-law, to meet the City's expenditure requirements pending collection of the general purpose tax levy under the *Vancouver Charter*.

PURPOSE

The purpose of this report is to request that Council, for 2011, delegate to the Director of Finance the financial authorities of Council under the *Vancouver Charter* to approve issuance of warrants; use capital funds on a temporarily basis to meet other expenditure requirements of the City pending collection of the general purpose tax levy; invest City funds not immediately required; and establish a short-term borrowing facility not to exceed \$60 million.

The financial authorities relating to the Southeast False Creek Development were established separately by Council on January 22, 2009 (RTS# 7877) and May 7, 2009 (RTS# 7936) and are not included in this report.

DISCUSSION

The *Vancouver Charter* provides Council with a variety of financial authorities required for the City's operation. To allow for the effective day-to-day administration of the City, Council has delegated these authorities to the Director of Finance on an annual basis.

As outlined in the following sections, these financial authorities are administrative in nature and in no way infringe on Council's policy-making powers. They are integral to the effective management of the City's financial affairs and various funds. The Director of Finance is seeking confirmation of these authorities for 2011.

1) Authority to Issue Warrants

Sections 213 to 216 of the *Vancouver Charter* specify the manner in which payments are to be made by the City. Sections 213 and 214 authorize the Director of Finance to issue warrants for payments and Sections 215 and 216 stipulate that all payments be approved by Council except for amounts necessary in the case of an emergency. In every circumstance, payments by the City are approved by Council either as part of the annual budget process or through specific approvals.

2) Authority to Use Capital Funds Pending Collection of General Purpose Tax Levy

Section 259 of the *Vancouver Charter* authorizes Council to temporarily use the proceeds of debenture issues to meet other expenditure requirements of the City pending collection of the general purpose tax levy for each year, provided that the use of such funds be limited to the period January 1 to July 15 and that such funds be returned to the Capital Fund by that latter date.

3) Authority to Invest the City's Surplus Cash Balances

Section 201 of the *Vancouver Charter* authorizes Council to invest City funds that are not immediately required, including proceeds from the sale of debentures (Section 259) and monies in the Sinking Fund (Section 260).

4) Operating Line of Credit

Section 263 of the *Vancouver Charter* authorizes Council to borrow by way of promissory note or overdraft to meet the City's expenditure requirements, with repayment guaranteed by the general purpose tax levy to be collected for the year.

This authority permits the Director of Finance to borrow for short term on a day-to-day basis if the need arises. To execute this authority, Council must enact a by-law stipulating the maximum amount of any short-term indebtedness and the period for which the authority is in effect, and that repayment of any outstanding balances be guaranteed by the general purpose tax levy.

The terms of the by-law will authorize the Director of Finance to borrow by overdraft a sum of money not to exceed \$60 million at any one time during the period January 8, 2011 to January 7, 2012. This borrowing facility is established with the City's primary financial institution, the Bank of Montreal.

FINANCIAL IMPLICATIONS

There are no financial implications.

CONCLUSION

The *Vancouver Charter* provides Council with a variety of financial authorities required for the City's operation. These include the authority to issue warrants, temporary use of capital funds and/or short-term borrowing by way of promissory note or overdraft to meet expenditure requirements pending collection of general purpose tax levy, and investment of surplus funds. To ensure effective day-to-day financial administration, Council has delegated these financial authorities to the Director of Finance on an annual basis.
