#### ADMINISTRATIVE REPORT

Report Date: January 20, 2011 Contact: Dan Garrison Contact No.: 604.871.6003

RTS No.: 09023 VanRIMS No.: 08-2000-20

Meeting Date: February 1, 2011

TO: Standing Committee on Planning and Environment

FROM: Managing Director of Social Development

SUBJECT: Single Room Accommodation (SRA) Permit for 120 Jackson Avenue,

International Inn (500 Alexander Street)

## **RECOMMENDATION**

- A. THAT Council approve an SRA Permit for the International Inn, located at 120 Jackson Avenue (500 Alexander Street), in order to alter the interior and exterior to 18 units and to demolish 4 units, as per DB434572, subject to the condition that prior to the issuance of the SRA permit the owner will enter into a registered:
  - i. Housing Agreement requiring the 18 units to be rented at a monthly rent no greater than the shelter component of welfare for a single person which is currently set at \$375, and
  - ii. Section 219 Covenant disallowing stratification.
- B. THAT, subject to the approval of RECOMMENDATION A, the Director of Legal Services be instructed to prepare the necessary agreements described above in consultation with the Managing Director of Social Development and to bring forward the by-law necessary to approve the housing agreement.

These recommendations will not affect the continuation of the SRA designation of the 18 improved units.

#### CITY MANAGER'S COMMENTS

This project is important for the City as part of our Homelessness and Housing Strategy in seeking new approaches to providing support to vulnerable citizens. This project is focused on providing a supportive housing environment for women working in the sex trade and other at risk women. This aligns with our Urban Health Initiative in enhancing prevention and reducing health and safety risks through early intervention and the stability of housing. In addition, this project includes the use of permanent modular housing to increase the number of units

on the site. We would like to acknowledge Atira as the leader of this project, and their partners: Canadian Mortgage Housing Commission (CMHC), Provincial Rental Housing Corporation (PRHC), Management Commission (BCHMC), BC Hydro and the Vancouver Foundation.

#### GENERAL MANAGER'S COMMENTS

The General Manager of Community Services RECOMMENDS approval of the aforementioned.

#### COUNCIL POLICY

On October 21, 2003, Council enacted the Single Room Accommodation By-law ("SRA By-law") to regulate the conversion and demolition of single room accommodation. On October 23, 2003, Council amended the Zoning and Development By-law to require an SRA Permit prior to the issuance of a Development Permit.

On July 28, 2009, Council directed staff to report back on strategies to address the negative impacts of the sex trade throughout Vancouver. The staff report is expected in the spring of 2011.

#### **SUMMARY & PURPOSE**

This report seeks Council's approval to issue an SRA Permit for the International Inn, 120 Jackson Avenue to alter the interior and exterior of 18 units and to demolish 4 units on the adjacent lot (500 Alexander Street). This property is owned by Atira Development Society and the project will result in 18 permanent housing units for homeless and at-risk young women in the Downtown Eastside. The renovation of 18 units along with the demolition of the 4 units at 500 Alexander is the first phase of a project that will result in a total of 26 housing units, which includes a heritage renovation (2 units) and the innovative inclusion of 6 container housing units on the adjacent lot.

The SRA permit is subject to the owner entering into a Housing Agreement securing every unit to be rented in perpetuity at \$375/month (this rate will increase in a pro-rated manner with any increase in the shelter component of income assistance) and a Section 219 Covenant to disallow stratification of the units. The 18 rooms will continue to be designated under the SRA bylaw. The modular housing is permanent and will be the subject of a development permit in the near future. The City has an ongoing interest in this form of housing.

The project supports the implementation of Council's Urban Health Initiative, as well as Council's goal of ending street homelessness by 2015. The program at 120 Jackson Avenue will provide long-term supported housing for young women 'at-risk', including women who may be pregnant. The issues young women residing at 120 Jackson might be facing include: violence and abuse, poverty, racism, homelessness or unsafe housing, substance use and/or mental wellness issues. The project will also provide opportunities for young women to exit the sex trade, a key priority for Council under the Urban Health Initiative.

#### **BACKGROUND**

In October 2003, Council enacted the SRA By-law to regulate the conversion and demolition of single room accommodation. An owner wanting to change the configuration of an existing SRA-designated unit must apply for and obtain approval from Council for an SRA Permit, which

must be issued prior to the issuance of a building or development permit. Council assesses each application and may refuse the permit, approve the permit outright, or approve the permit subject to conditions such as a Housing Agreement, a Heritage Revitalization Agreement, and/or payment of a fee towards the City's replacement housing fund.

#### **DISCUSSION**

The International Inn is located in the sub-area of the Downtown Core called the Downtown Eastside (DTES). It is a 2-storey building listed in category "B" on the heritage registry. It is located at 120 Jackson Avenue (500 Alexander Street) in Sub-Area 4 Alexander/Powell of the Downtown Eastside/Oppenheimer District (DEOD), on the southeast corner of Alexander Street and Jackson Avenue (see Figure 1). The building served as a residential hotel with 22 rooms and a communal kitchen. The applicant purchased this site in July 2009 and the building has been vacant and closed since September 2010 in anticipation of building renovations.

Figure 1: International Inn, 120 Jackson Avenue (500 Alexander Street)

Atira Development Society made this SRA Permit application in late September 2010 to renovate 18 units and demolish 4 units located in an annex to the International Inn. The proposal also includes renovations to the existing communal kitchen, the 5 common bathrooms, and the creation of a new laundry facility. Units on the second floor would be reoriented to face Jackson Street, instead of the neighbouring property, and the units will be enlarged by making use of the wide hallway space. This renovation is primarily funded by the Shelter Enhancement Program of the Canada Mortgage and Housing Corporation (CMHC).

The renovated units at 120 Jackson Avenue will serve to provide low barrier supportive housing for young women in the Downtown Eastside and will be operated by Atira Women's Resource Society. The building will have a 'House Mom' on site and additional support services for the residents will be provided on site by Atira and its partner organizations.

This combined development/building permit application (DB434572) has received approval and will require a building inspection by the district inspector prior to permit issuance and subject to the issuance of the SRA Permit.

The Vancouver Charter requires Council to consider a number of factors in deciding whether or not to grant an SRA conversion or demolition permit. These factors include:

- 1. Accommodation for Affected Tenants: There are no affected tenants as the International Inn is currently vacant. Atira provided assistance and support and found new housing for the previous tenants through their tenant liaison worker and housing outreach worker.
- 2. Supply of Low-Cost Accommodation: The total low-income housing stock for singles in the Downtown Core includes privately owned Single Room Occupany (SROs) and single social housing units (owned, operated, and in many cases recently renovated by government and/or non-profit organizations). The low-income stock across the 3 downtown areas remained relatively stable between January 2003 (11,390 units) when the SRA By-law was enacted, and January 2010 (11,340 units). In the Downtown Eastside we have experienced a 1% increase. By the end of 2013, there will be over 1,100 additional units of social housing for singles in the Downtown Core, primarily as a result of the City and Provincial partnership to develop 14 social and supportive housing sites across the City.

The following table shows the net changes of SRO and social housing by sub-area.

	Change Since 2003 (Not including impact of International Inn application)							
Sub-Area SRC		SRO		Social Housing (singles)			TOTAL	
	2003	2010	Change	2003	2010	Change		
Downtown Eastside	5,273	3,827	-1,446	3,899	5,463	1,564	118	
Downtown South	784	544	-240	808	1,063	255	16	
Rest of Downtown Core	433	30	-403	187	409	222	-181	
TOTAL	6,490	4,401	-2,089	4,894	6,935	2,041	-47	

Three new projects are expected to open in the Downtown Eastside (DTES) in the first half of 2011, increasing the stock by a total of 213 units:

- 1005 Station Street: 80 self-contained units for low-income singles operated by Portland Hotel Society (PHS). This project is on City-owned land, funded by the Provincial Homelessness Initiative (PHI). This project will open in January 2011.
- Pender Suites (337 West Pender Street): 96 self-contained units operated by Coast Foundation Society. This project is on City-owned land, funded by the PHI. The anticipated completion date is May 2011.
- Union Gospel Project (601 East Hastings Street): 37 self-contained units operated by Union Gospel Mission. This project will open in January 2011.
- 3. Conditions of the Building: Like many buildings constructed in the late 19th and early 20th centuries, the International Inn requires upgrades. This proposal includes extensive mechanical, electrical and structural renovations to bring the building into building code compliance. Individual units will have new windows and sinks, the common bathrooms and communal kitchen will be expanded and upgraded, and a new laundry facility will be installed.
- 4. Need to Improve and Replace Single Room Accommodation: There has been a significant effort to improve and renovate the existing SRO stock in recent years. Throughout the Downtown Core, the Province has recently bought and leased 24 SRO

buildings to improve and secure low cost housing. Investment has been made to renovate and upgrade this stock of housing. As noted under Factor 2, "Supply of Low-Cost Accommodation", losses in SRO stock were more than offset by the increase in social housing in this area.

5. **History of Building and Land:** This property has a history of poor maintenance and non-compliance with legislation. The applicant, Atira Development Society, purchased the property in 2009 with the intention of upgrading and renovating the building.

#### **Condition of Approval**

Through the SRA permitting process the City encourages re-investment in SRA-designated buildings while discouraging owners from neglecting or emptying their buildings in the hope of obtaining permission to convert or demolish in the future. This application is aligned with those goals and staff recommend approval of the application for the following reasons:

Firstly, this project leverages funding from multiple sources to provide much need housing for women at extreme risk of homelessness. Young women who are homeless or living in unsafe housing face many challenges, and have difficulty accessing the support services they need. These units will help fill the need for low-barrier supportive housing for these young women.

Secondly, improvements to the building will help maintain this low-income stock in the long term.

Thirdly, the SRA permit will not affect the SRA status of the building. The renovations are such that the 18 remaining units will be upgraded and improved, but remain less than 320 square feet. The building will be secured as long-term rental at welfare rent levels currently set at \$375/month, in perpetuity through a Housing Agreement and a Section 219 Covenant will disallow stratification of the units.

This site is presently charged with a Section 219 Covenant and option to purchase in favour of the Provincial Rental Housing Corporation (PRHC), a mortgage in favour of the British Columbia Housing Management Commission (BCHMC), and a second mortgage in favour of CMHC. Although the City requires priority over such charges (i.e. the City's covenant taking precedence over other covenants on title), it is willing to consider foregoing priority due to these charges being held with our government partners and the building remaining SRA-designated. This means any future changes to the building will require an SRA permit application process.

#### FINANCIAL IMPLICATIONS

There are no financial implications.

#### **CONCLUSION**

This report seeks Council's approval to issue an SRA Permit for the International Inn, 120 Jackson Avenue (500 Alexander Street) to demolish 4 units and to renovate the remaining 18 units, all subject to the owner entering a Housing Agreement that secures the 18 units at the income assistance shelter rate in perpetuity and a Section 219 Covenant that disallows

strata-title subdivision. The remaining 18 rooms will be less than 320 square feet and therefore will remain SRA-designated.
