## SUBJECT: 2011 Community Services and Social Responsibility Grants

### RECOMMENDATION

- A. THAT Council approve 110 Community Services Grants totaling \$4,073,400 including any recommended Conditions on the grants, as listed in APPENDICES A-1, 2 & 3. Source of funding is the 2011 Community Services Grants budget.
- B. THAT Council approve \$25,000 to be set aside from the Community Services Grants budget and then allocated to address issues within the women's sector, following stakeholder consultation and a report back to Council in 2011.
- C. THAT Council approve \$30,000 of the 2011 Community Services Grants budget for the capacity building of non-profit organizations. Staff will report back on specific allocations.
- D. THAT Council approve 7 grants for a total of \$100,000 from the Social Responsibility Fund, as described in Appendix A-4.

Recommendations A, B, C, and D authorize grants and require eight affirmative votes for approval.

#### CITY MANAGER'S COMMENTS

The City Manager recommends approval of the foregoing recommendations.

## COUNCIL POLICY

Approval of grant recommendations requires eight affirmative votes.

#### Community Services Grants:

On March 7, 1978, City Council established the Community Services Grants program.

On October 9, 2003, City Council approved revisions to the Community Services Grants program, including three funding streams: Neighbourhood, Direct Social Service, and Organizational Capacity Building.

## Social Responsibility Fund:

On July 20, 2004, as part of the rezoning conditions for the Plaza of Nations, Council accepted a public benefit offering from Edgewater Casino including a donation of \$200,000 annually, towards the Social Responsibility Fund. Council approved funding guidelines in October 2006.

### Social Grants Review:

Staff is undertaking a review of all 13 of the City's social granting programs – including Community Services, Child Care, Rent Subsidies, Capital Grants, Social Responsibility Fund and Hastings Legacy Fund Grants. The purpose of the review is to:

- ensure administrative efficiencies;
- align grants to Council and City priorities;
- align funding to other civic strategies including urban health, food security and Greenest City initiatives;
- augment opportunities for partnerships and maximize leveraging capabilities;
- examine gaps in services and funding shortfalls as a result of cut backs at the provincial and federal levels and in other funding areas;
- improve data collection, analysis and reporting metrics;
- position the City over the long term (e.g. Next 5 years) to respond to emerging trends and needs.

Work to date has included a review of the City's current practices, a comparison with methods and systems used in other jurisdictions and by other funders, and interdepartmental and community consultations. Staff will report to Council on the recommendations in the spring of 2011.

## PURPOSE AND SUMMARY

This report recommends 117 grants in the amount of \$4,228,400 to 93 registered non profit organizations in Vancouver. This report combines both Community Services and Social Responsibility Fund recommendations and provides more comprehensive information to Council under one report, and helps streamline administrative practice. The purpose of the funding is to provide services and to build capacity among vulnerable populations throughout the city. Grant funds help to address Council priorities including:

- i. Ending street homelessness by 2015 by funding services to address needs of street populations and providing access to basic services;
- ii. Social inclusion and safety by providing funding to neighbourhood based services, and city wide services supporting the integration of new immigrants, services for seniors, women, persons with disabilities, and youth at risk;
- iii. Addressing Urban Health issues, including the negative impacts of the sex trade, providing low barrier employment opportunities for low income populations
- iv. Supporting Greenest City Initiative by enhancing access to healthy food;
- v. Building capacity within the non profit sector to deliver effective services, including board development and volunteer recruitment and referral.

The report also identifies processes undertaken to recommend allocations, describes demographic groups receiving services, and summarizes key social trends and issues reported from grant applicants and other research.

Table 1 below provides a breakdown of recommended fund allocations.

Grant Stream	Priorities Addressed	Recommendations	Amount
Community	End Street Homelessness Social Inclusion and Safety Urban Health	<ul> <li>10 Neighbourhood Organization Grants</li> <li>7 Organizational Capacity Building Grants</li> <li>93 Direct Social Services Grants</li> </ul>	\$4,073,400

	•	TOTAL	\$4,228,400

Table 1: Total Community Services and Social Responsibility Fund Grants

## DISCUSSION

## I. Summary of Applications: Community Services and Social Responsibility Fund Grants

## A) Community Services Grants - \$4,128,400

The Community Services Grants is the largest of the grant programs and its purpose is to provide services and supports to vulnerable populations in the city including youth, women, seniors, persons with disabilities, urban Aboriginals, and immigrant populations. Information on the application process, funding demand increases, and recommendation highlights follow.

## i) Application process

The application deadline was October 22, 2010:

130 grant applications were received

110 are recommended for funding

20 applications either did not meet criteria or were not as strong as others and are not recommended (See Appendix B). If a grant is not recommended, staff provide rationale to the

applicant and suggest other funding opportunities within the City or elsewhere. There were no applicants who have applied to appeal staff recommendations this year.

### ii) Funding demand increases

Compared to 2010, the chart below identifies:

- 9.2% increase in total applications: and
- 10.8 % increase in the total amount of funding requested

#### Table 2: Total applications, funding requested and funding available for CS grants

	2010	2011	% change
Total applications	119 (incl. 10 new)	130 (incl. 17new)	9.2% increase
Total organizations	92	99	7.6% increase
Total amount requested	\$5,111,700	\$5,661,473	10.8% increase
Budget available	\$4,047,400	\$4,128,400	2% increase

## iii) Recommendation highlights

The following table summarizes the 2011 Community Services Grants recommendations which include funding to 10 neighbourhood houses, and 7 grants to organizations such as Vantage Point (formerly Volunteer Vancouver) that help build the capacity of the non profit sector through volunteer referrals and training. Of the 93 Direct Social Services Grants, staff recommend four new applications to address high priority needs including homelessness, youth at risk of sexual exploitation, gang involvement and equitable access to the justice system. Further, staff are recommending that funds be set aside in 2011 and be directed towards the women's sector and toward building organizational capacity for the non-profit sector.

#### Table 3: Total 2011 recommendations for Community Services grants

Recommendation	Amount
<ul> <li>10 Neighbourhood Organization Grants</li> <li>7 Organizational Capacity Building Grants</li> <li>93 Direct Social Services Grants (Including 4 new applications addressing high priority needs, including homelessness, access to social justice, youth at risk of sexual exploitation; increased funds for exiting the sex trade)</li> </ul>	\$4,073,400
• Reserve to be applied to the women's sector. (In 2010 the Vancouver Status of Women received a grant of \$23,890. Staff are recommending no funding for the Vancouver Status of Women in 2011 (see Appendix B) and that \$25,000 be placed in Reserve to be applied to funding in the women's sector in 2011, pending a report back by staff)	\$25,000
Reserve for capacity building of non-profit organizations, pending a report back by staff to Council in 2011	\$30,000
TOTAL	\$4,128,400

All applicants have been informed, in writing, of Social Policy's recommendations and in some cases, staff have placed conditions on recommendations.

## B. Social Responsibility Fund Allocations - \$100,000

The Social Responsibility Fund supports capacity building projects and initiatives located within neighbourhoods adjacent to the Edgewater Casino, including the DTES/Strathcona, Mount Pleasant, and the Downtown.

Through the 2011 Community Services Grants process, staff identified 7 projects that align with Council priorities for Ending Street Homelessness by 2015 and Urban Health related supports for women to exit the sex trade, food security, and low barrier employment. Each project meets funding criteria of the Social Responsibility Fund. These initiatives and projects listed below are detailed in Appendix A-4 and amount to \$100,000.

Program	Description	Amount
Gather and Give Charitable Foundation	Grant to support the Basic Home Essential Kit program - providing basic houseware kits (including kitchen, bed and bath items) through over 150 social service organizations/agencies to people moving out of unstable housing or shelters.	\$5,000
PEERS Vancouver Resource Society - Prevention and Exiting Project	Grant to support PEERS Vancouver exiting program emphasizing the prevention of minors in the sex trade through increased awareness in the community on appropriate early intervention response systems.	\$20,000
Carnegie Centre - Homeground	Grant to support a 3 day event for Downtown Eastside homeless and under-housed residents where they can enjoy food and entertainment, connect to services, and learn some life skills.	\$10,000
Pivot Legal Services - Hope in Shadows Project	Grant to Hope in Shadows, a community project based around a photography contest for residents of the DTES and the publishing of a yearly calendar featuring the winning photos.	\$5,000
Strathcona Community Centre Association - Food Coordinator	Grant to strengthen and expand existing food programs coordination and efficiency as well as add new programs including community gardening, sustainable food production, and family oriented culturally sensitive food preparation.	\$25,000
Vancouver Area Network Drug Users (VANDU) - DTES Market	Grant for a full time coordinator for the DTES Street Market that was successfully piloted with support from the CoV and other partners. The staff position will assist the organizers of the weekly market in Pigeon Park and on Carral St to become a more stable and robust program, supporting local volunteers.	\$20,000
First Funds Society - Voicemail Program	Grant for a coordinator for Community Voice Mail (CVM) for the provision of local phone numbers and voice mail capability to 54 service providers and 800 homeless/phoneless persons in Vancouver.	\$15,000
	TOTAL	\$100,000

Table 4:	Total 2011	recommendations	for Social Re	esponsibility	Fund (SR	F) grants
		rooonninonaations		osponsionity		grants

Each of the projects recommended meets SRF grant criteria by supporting neighbourhoods surrounding the Edgewater Casino at Plaza of Nations (including the DTES) and vulnerable groups. Further allocations from the SRF will come forward upon completion of the comprehensive grant programs review.

### II. Demographic groups served by recommended grants:

The grants are a tool that the City has to support work being undertaken by non-profit groups addressing a range of key policy areas impacting demographic and Council priorities, including Ending Street Homelessness by 2015, and key Urban Health initiatives that address safety and social inclusion (note: there are some recommended grants that do not fit into the categories below and are therefore not included).

## • Children, Youth and Families (37 grants totalling \$1,371,964)

With children and youth (0 to 24) representing 26% of Vancouver's population, the support of a continuum of services and programs for children, youth and families is strongly supported by City policy and priorities. City funding in the area of children and families is targeted at programs that provide support for early and middle years development for those most at risk of falling behind and at providing and coordinating child care for working families. A similar early intervention and prevention approach is taken with programs supporting youth at risk. Emphasis is placed on outreach and engagement, working with youth to build strength, resilience and connections with community.

## • Neighbourhood Services (10 grants totalling \$741,398)

The city is committed to supporting strong, vibrant communities through the support provided to 10 neighbourhood houses located throughout the city. Neighbourhood houses are volunteer driven organizations that respond to the needs and aspirations of its local community members by providing services, programs, special events, facilities and information to meet the changing needs of diverse populations. They are a place where people of all ages and backgrounds can come together to address their personal, social and community development needs.

## • Seniors (18 grants totalling \$513,276)

12,000 seniors currently residing in Vancouver (16%) are living below the poverty line and in the next 20 years the number of seniors living in Vancouver is expected to double. Seniors from a visible minority also make up 26% of the total seniors population in Vancouver. The effects of low income, isolation and cultural barriers are compounded by issues of the high cost of living in Vancouver and the absence of any provincial funding support for community based seniors' programs. City funding is targeted at programs working with vulnerable seniors that enhance cultural inclusion, focus on peer support and ensure access to basic services and supports.

## • Women (12 grants totalling \$460,996)

Support for programs and activities related to women's issues has been a priority for the CS Grants ever since their inception more than 30 years ago. The City works actively to address and eradicate the systemic exclusion of all women and girls. 12% of CS Grants are directly related to work supporting women's issues. However, in order to better address program needs and service priorities in the women sector, staff are recommending setting aside \$25,000 to be allocated following consultation with stakeholders.

#### • Immigrants and Refugees (7 grants totalling \$326,956)

In the period between 1996 and 2006, 29% of recent immigrants arriving to Metro Vancouver settled in the City of Vancouver, and according to the 2006 census, more than half of Vancouver's population declared a Mother Tongue other than English. Immigrants, particularly recent immigrants and refugees, are presented with a variety of challenges to adapt and integrate into the city's everyday life. Community Services grants provide support to 7 agencies focussed on providing services to isolated immigrant seniors, at-risk immigrant youth, immigrant women preparing for employment, and other locally identified needs.

### Addressing Impacts of the Sex-Trade & Individuals Engaged in Sex Work/Prostitution (5 grants totalling \$181,512)

One of the most vulnerable populations in Vancouver involves those engaged in prostitution and in particular those involved in survival sex work. Often victims of abuse, violence, and poverty, they require specific levels of support. Further, neighbourhoods and residents in Vancouver are also impacted. The City's grants include services for health and safety for both women and men, particularly those involved in survival sex trade work. In 2011, additional funds are recommended to support prevention of youth sexual exploitation and exiting supports for those choosing to exit. Staff are preparing a report back to Council on strategies to address the impacts of sex work in 2011 which include, among other strategies, added supports for prevention and exiting initiatives.

#### People with Disabilities (7 grants totalling \$155,860)

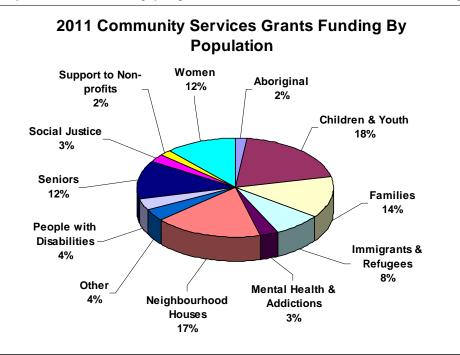

While Vancouver has made significant strides in making the city an inclusive place to live for people with physical and developmental disabilities, there continues to be considerable work required to ensure that those with disabilities are able to live with dignity, independence and as equal and full participants in society. City funding in this area supports programs that work directly with people to build their capacity for skill development and access to services and supports.

#### • Equitable Access to Justice (4 grants totalling \$107,976)

Fair and equitable access to justice goes well beyond the devastating cuts to legal aid in the province over the past few years (only 7 out of 155 offices still remain open). Access to justice begins with ensuring that the most vulnerable in our city have the information, support and guidance to navigate through and beyond the justice system. Grants from the City go toward supporting programs that link those who are most marginalized to the resources they need to facilitate this process.

#### Urban Aboriginals (3 grants totalling \$85,008)

Urban Aboriginals, representing a population of over 40,000 in Vancouver, are among the most significant group to experience marginalization on many different levels of civic life. Aboriginals have a significantly lower quality of life than non-Aboriginals. While representing 2% of the overall population in Vancouver, Aboriginal people account for an estimated 30% of people experiencing homelessness. With 60% of the Aboriginal population under the age of 24, City grants for this sector are largely focused on building the capacity and strength of Aboriginal youth to meet challenges and thrive in their communities.

Populations served by programs recommended for 2011 Community Services Grants:

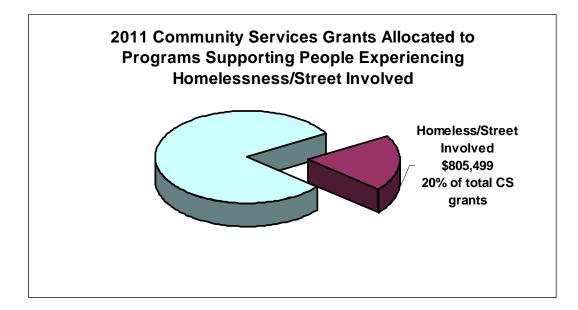

The chart above reflects the *primary* populations served by each program. Because most funded agencies serve more than one population, a more accurate picture of the City funds for each target group is difficult to provide. What is not captured, for instance, is how their work is associated with addressing particular issues within each population group (e.g. homelessness).

#### III) Trends

The following trends have been identified by applicants:

Younger homeless/street related populations

20% or \$805,499 of all CS funding is directed toward people experiencing homelessness or who are street involved. Younger groups of children (under 18) becoming street involved has been identified as an emerging trend by service providers and funders since 2010. Staff will provide recommendations to Council later in 2011 as part of the current grant review on how the City can make best use of grant funds to address homelessness including homeless and street involved youth and to support street involved populations. City is also working with MCFD, VCH and other partners who have noticed similar trends.

### Food security & food access

Access to healthy, affordable and culturally appropriate food continues to be challenging for a large number Vancouver residents as evidenced by a 10% increase the number of people accessing food banks this past year including 10,000 children a week in the Lower Mainland. In response, applicants are increasingly providing food directly to clients or supporting activities to improve food access, such as developing community kitchens, coordinating community food resources, and planting community gardens. The City is actively engaged in supporting many of these initiatives through food policy, the Greenest City Action Committee and through granting. In all cases, the City collaborates with the Vancouver Food Policy Council, Vancouver Coastal Health and other key partners to share information and resources, and coordinate policy and program responses to food insecurity in Vancouver.

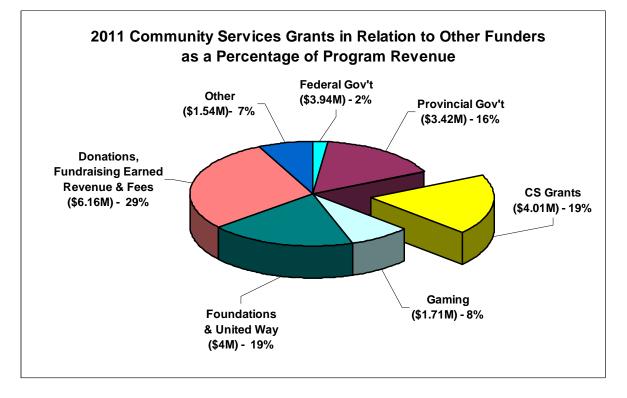

#### • Seniors at risk of losing housing

Another highlighted issue is seniors who are at risk of losing housing due to rent pressures, the loss of income if one spouse is admitted to long term care, and rent increases that occur during absences (for example, when hospitalized or an SRO is renovated). Rents and evictions are governed by the Province's Rental Tenancy Act (RTA) however the City is playing a role in address this issue through the Single Room Accommodation Permit process which requires a Tenant Relocation Plan when an occupied building is being renovated. Further, the City has a Tenant Assistance Program that is available to work with low income tenants, many of whom are seniors, facing the loss of housing.

#### Loss of funding across the social non profit sector

There has been considerable financial stress reported due to provincial funding cuts, in particular cuts to Gaming where many program grants were reduced or eliminated entirely. MCFD has also made cuts averaging 6.2% to many programs. Funding from foundations has also been reduced and fundraising has been less successful in the past year. Statistics Canada has reported a \$1 billion decrease in charitable giving nationally. In 2011 staff will continue to work in partnership with other funders to build the capacity of organizations to address funding shortfalls.

CS grants represent, on average, almost 20% of revenue for programs. This 20% is usually in the form of core funding that enables the support of key staff positions and leadership and supports programs to function and remain viable in the face of funding constraints from other sources. Building on this core funding, programs are also frequently able to leverage the City's commitment to seek support from a range of other funding sources.

## • Space constraints for non-profits

Most applicants have seen increases in the number of people accessing their services posing operational challenges including space pressures. A number of non-profits are examining alternative approaches such as sharing leased space or shared purchase of a building emerging in part from a City sponsored Social Purpose Real Estate Conference held in 2010. Staff will continue to encourage opportunities to facilitate partnerships & generate creative responses with community & government partners and identify these as part of the Capital Planning process.

## FINANCIAL IMPLICATIONS

## I. Community Services Grants

The 2011 budget for the Community Services Grants category is \$4,128,400.

The Community Services Grants recommended in this report total \$4,128,400 and are broken down as follows:

Table 7. Total 2011	recommendations for	Community	Services Grants
	recommendations for	Community	Services Grants

2011 Community Services Grants Budget		\$4,128,400
Recommended Grant Allocation:		
Neighbourhhood Organization Grants (REC A)	\$741,380	
Organizational Capacity Grants (REC A)	\$230,736	
Direct Social Service Grants (REC A)	\$3,101,284	
SUB-TOTAL	\$4,073,400	
Allocation:		
Women's Sector Funding (REC B)	\$25,000	
Capacity Building for non-profit organizations (REC C)	\$30,000	
SUB-TOTAL	\$54,900	
REC	OMMENDED TOTAL	\$4,128,400

The proposed recommendations include an allocation of funding, pending staff report back of \$30,000 for capacity building of non-profit organizations and \$25,000 for the women's sector.

## 2) Social Responsibility Fund

The 7 identified projects to be funded through the SRF total \$100,000 (See Appendix A-4). As of December 31, 2010, the balance of the Edgewater SRF is \$743,154. Upon the recommended allocation in this report, there will be \$643,154 remaining in the Edgewater Casino Social Responsibility Reserve.

## SOCIAL IMPLICATIONS

The Community Services Grants Program provides financial support to non-profit organizations that work to address social problems and bring about positive social change. Increasingly the grants are also supporting programs that act in a preventative or early intervention capacity to ensure that people at risk do not become further marginalized. The grants have been an important resource for community groups to provide needed services in Vancouver, leverage funding from other sources, and contribute to the building of strong communities and the delivery of quality services to Vancouver residents.

### CONCLUSION

All the grants outlined in this report provide an important contribution to the delivery and sustainability of social services in Vancouver, to a wide range of population groups serving marginalized and at-risk citizens. The grants also support City livability and social development objectives and thus contribute to our city's overall urban health.

# 2011 COMMUNITY SERVICES GRANTS Social Responsibility Fund Grants Recommended

AGENCY	RECOMMEND	COMMENTS
Gather and Give Charitable Foundation	5,000	Grant to support the Basic Home Essential Kit program – Providing kits through over 150 social service organizations/agencies to people moving from unstable housing or shelters into a place of their own. The kits include basics to set up a home such as dishes, bedding, kitchenware, utensils, towels, can openers etc.
PEERS Vancouver Resource Society – Prevention and Exiting Project	20,000	Grant to support PEERS Vancouver comprehensive exiting program with emphasis on the prevention of minors in the sex trade through increase awareness in the community on appropriate early intervention and response systems.
Carnegie Centre – Homeground	10,000	Grant to support a creative, mutually supportive three day event for homeless and under-housed residents of the Downtown Eastside by providing a community inspired space where residents can enjoy good food and Downtown Eastside entertainers/artists.
Pivot Legal Services – Hope in Shadows Project	5,000	Grant to Hope in Shadows, a community project based around a photography contest for residents of the DTES and the publishing of a yearly calendar featuring the winning photos. The photographs are also used in an exhibition that has been showcased in galleries throughout the province. Residents then sell the calendar through a vendor program.
Strathcona Community Centre Association – Food Coordinator	25,000	Grant for a full time Food Coordinator position to strengthen and expand existing food programs coordination and efficiency as well as add new programs including community gardening, sustainable food production, and family oriented culturally sensitive food preparation.
Vancouver Area Network Drug Users (VANDU) – DTES Market	20,000	Grant for a full time coordinator for the DTES Street Market that was successfully piloted with support from the CoV and other partners. The staff position will assist the organizers of the weekly market in Pigeon Park and on Carral St to become a more stable and robust program, supporting local volunteers and bringing other partners to the table.
First Funds Society	15,000	Grant for a coordinator for Community Voice Mail (CVM) for the provision of local phone numbers and voice mail capability to 54 service providers in Vancouver. These numbers are provided to 800 clients who are homeless/phoneless, in crisis and transition to help improve opportunities for employment and housing, encourage contact with family/loved ones, increase access to health care and help them access community resources.
TOTAL = 7	100,000	

NO.	AGENCY	GRANT TYPE	RECOMMEND 2011	2011 REQUEST	2010 GRANT	COMMENTS
3	Aboriginal Mother Centre Society	DSS	0	50,552	0	Not recommended. Facility from which services will be delivered is still under construction. CS Grants are to support ongoing functional programs and services. The organization is encouraged to apply next year.
6	Alliance for Arts and Culture	OCB	0	81,800	0	Not recommended. Staff do not recommend because the application was deemed to be non- eligible for a CS grant. The organization is advised on other more relevant sources of funding.
7	Arts in Action Society - Lester's Army	DSS	0	10,000	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities.
21	ConnecTra Society	OCB	0	10,000	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities.
31	First Funds Society	OCB	0	40,000	0	Not recommended. Staff however have identified and recommended funding through the Social Responsibility Fund.
37	Gather and Give Charitable Foundation	DSS	0	38,200	0	Not recommended. Staff however have identified and recommended funding through the Social Responsibility Fund.

NO.	AGENCY	GRANT TYPE	RECOMMEND	2011 REQUEST	2010 CDANT	COMMENTS	
47	Kitsilano Nbhd House - Youth Services	DSS	0	36,000	GRANT 0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities.	
53	Latincouver Cultural & Business Society	DSS	0	39,610	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities. The organization is encouraged to explore other City funding programs including the Community and Neighbourhood Arts Development Grants and the City's Sustainability Program Grants.	
59	Living Systems Counselling: Education, Training&Research Soc.	DSS	0	15,000	0	Not recommended. Organization meets eligibil criteria, however, staff do not recommend because funding is limited and other applicatio rated higher in regards to meeting City prioriti	
60	Loving Spoonful, A	DSS	0	50,000	0	Not recommended. Organization meets eligibilic criteria, however, staff do not recommend because funding is limited and other application rated higher in regards to meeting City prioritie	
63	Minerva Foundation for BC Women, The	DSS	0	30,000	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities. The organization is encouraged to further develop its Vancouver-specific recruitment strategy for the Combining Our Strength program, and to apply next year.	

NO.	AGENCY	GRANT TYPE	RECOMMEND 2011	2011 REQUEST	2010 GRANT	COMMENTS
74	Network of Inner City Comm. Services Soc YELL & Y2	OCB	0	50,000	0	Not recommended. Organization does not meet eligibility criteria for an Organizational Capacity Building grant because of a lack of evidence that the program builds capacity outside of sports related activities, an area specifically deemed ineligible in the application requirements. While deeming the application ineligible, staff recognize the importance of the work accomplished by the organization and will work with it to identify more relevant sources of funding.
75	Oakridge Seniors Society	DSS	0	35,000	10,000	Not recommended. Organization received \$10,000 in 2010. Staff do not recommend at this time because other applications better reflect City priorities and stronger outcomes targeting disadvantage, and were therefore rated higher. In addition, enhanced funding will be provided to the South Vancouver Neighbouhood House's Seniors' Hub, which will include a seniors' multicultural outreach worker.
79	Pacific Community Resources Society - IRAYL	DSS	0	63,858	0	criteria, however, the program is currently funded by MCFD through to November 1, 2011. Staff recommend that MCFD act as a convener of other funders including GVRD municipalities to develop a funding strategy for 2012.
88	Pivot Legal Society	DSS	0	55,000	0	Not recommended. Staff however have identified and recommended funding for the Hope in Shadows project through the Social Responsibility Fund.

NO.	AGENCY	GRANT TYPE	RECOMMEND 2011	2011 REQUEST	2010 GRANT	COMMENTS
90	Ray-Cam Community Association - ALIVE	OCB	0	32,000	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities. The organization is advised on other more relevant sources for funding.
97	Strathcona Community Centre Association - Food Coordinator	DSS	0	60,000	0	Not recommended. Staff however have identified and recommended funding through the Social Responsibility Fund.
109	Vancouver Area Network Drug Users (VANDU)	OCB	0	50,000	0	Not recommended. Staff recommend that the funding for a part time Street Market Coordinator (\$25,000- \$30,000) is provided through the Social Responsibility Fund. A progress report is requested for July 2011.
112	Vancouver Cross Cultural Seniors Network Society	OCB	0	19,076	0	Not recommended. Organization meets eligibility criteria, however, staff do not recommend because funding is limited and other applications rated higher in regards to meeting City priorities.
121	Vancouver Status of Women - Referral and Resource	DSS	0	35,000	23,896	Not recommended. Organization received \$23,896 in 2010. Staff do not recommend at this time because the organization is in the process of a significant organizational change and other applications demonstrated stronger outcomes. In addition, \$25,000 will be set aside from the CS Grants budget and then allocated the women's sector, following stakeholder consultation and a report back to Council in 2011.

## 2011 COMMUNITY SERVICES GRANTS Community Impacts from Grants

The Community Service Grants represent a significant contribution to community programs in the City of Vancouver. In 2010 programs funded by the CS grants achieved some very impressive results:

- Total number of individuals served: 311,607
- Total number of volunteers engaged: 11,290
- Total number of volunteer hours generated: 743,119 equalling 408 FTE
- Total value of those volunteer hours (valued at \$10/hr \$12/hr) = \$7,431,190 to \$8,917,428
- Total number of staff positions supported: 690 equalling 283 FTE

#### Summary of 2011 Recommendations

The following is a summary showing a comparison between 2010 and 2011. The table shows the recommendations which are made in this report concerning 130 applications.

	Neighbourhood Organization		Organizational Capacity Building		Direct Social Services	
	2010	2011	2010	2011	2010	2011
Grant at the Same Level	10	0	7	1	10	40
Grant Increase:						
COLA (Inflation Adjustment)	0	9	0	5	62	44
Other Increases	0		0	1	1	
COLA & Other Increases	0	1	0		12	1
New Grants	0	0	0		3	5
Grant Decrease	0	0	0		2	3
Terminated Grants	0	0	0		1	2
Not Recommended	0	0	2	7	9	11
TOTAL	10	10	9	14	100	106

For reference, the average Community Services Grant for all types is \$37,031. The average grant per stream is:

Neighbourhood Organization	\$74,138
Organizational Capacity Building	\$32,962
Direct Social Services	\$33,346

## 2011 COMMUNITY SERVICES GRANTS Background Information on Guidelines and Criteria for Review

The Community Services grant program:

- Provides support and services to low income and vulnerable populations;
- Provides strategic support to address gaps in services;
- Helps provide stability in the social services sectors;
- Leverages substantial support from other funders for Vancouver programs;
- Enables the City to collaborate with other funders;
- Contributes to volunteer time to strengthen services and assist the public;
- Lets the City have an influence over what and how programs are delivered;
- Supports priority programs on an ongoing rather than short-term basis, allowing the City to see and document the benefits that accrue over time; and
- Can be used to bring about service or organizational change, and to develop community/neighbourhood capacity.

The most recent major review of the Community Services Grants program took place in 2003 and resulted in a number of changes which were approved by City Council on October 9, 2003. Starting in 2004:

- The grants program was divided into three categories:
  - Neighbourhood Organization Grants, which support the core staff in organizations which serve all population groups in a neighbourhood and also demonstrate community capacity building and community development activities;
  - Organizational Capacity Building Grants, which support groups whose purpose is to assist other non-profits to function more effectively; and
  - Direct Social Services Grants, which support the activities of groups that deliver direct services to vulnerable populations and respond to key social issues;
- Eligibility criteria were developed for each of the three types of grants (website www.vancouver.ca/commsvcs/socialplanning/grants/commgrantsapp.htm);
- A list of priorities was developed for the Direct Social Services Grants category to assist in the comparative assessment of applications (websitewww.vancouver.ca/commsvcs/socialplanning/grants/pdf/10\_DSSGrant\_InfoSheet.pdf); and
- An Outcomes Measurement approach was developed. This framework enables groups to record their objectives for a given year, and the actual outputs and short and long term outcomes achieved. These reports are reviewed in the City's grant review process and also serve as a planning tool for groups.

The majority of applications are received under the Direct Social Services (DSS) grants category. The review process for these grants includes basic eligibility, how well applications meet current City priorities, and Outcomes Measurement reporting.

Some applications, including new ones, meet City priorities more strongly than others, hence, a DSS may be eligible, but not recommended for funding or recommended for reduced funding due to its low priority compared to other applications, within the given budget. This may result in the termination or reduced grants that were funded in previous years, but also allows for the funding of new programs and organizations.
