

B.1

MOTION ON NOTICE

At the Regular Council meeting on May 31, 2011, the following Notice of Motion was submitted and recognized by the Chair.

1. Vancouver Heritage Register Upgrade

MOVER: Councillor Heather Deal

SECONDER: Councillor

WHEREAS

1. Heritage plays an important role in remembering and celebrating the history of Vancouver - especially in our 125th year;
2. Protecting and restoring important heritage buildings and features requires a current inventory and assessment;
3. The Vancouver Heritage Register (VHR) was established in 1986 and has not been substantially updated since that date;
4. A VHR upgrade will better align the VHR with global and community heritage values with a shift away from past inventory practices which are heavily weighted towards structures with primarily architectural and stylistic merit.

THEREFORE BE IT RESOLVED

- A. THAT City staff be directed to report to Council by July 12, 2011, with a plan to undertake the next phase of the upgrade to the Vancouver Heritage Register, including resource requirements and sources.
- B. THAT City staff work with the Vancouver Heritage Commission to develop a policy framework for identifying and protecting heritage landscape features.
