Subject: Rize Development

Hello Mayor and Council,

I've heard from my artist friends that there is concern over the Rize Development @ Broadway and Kingsway.

They say the building will be very high density and that there is little if any consideration being made for the fact that some of the spaces that burned down where this development is planned were used for art and culture...the very essence of what makes that neighbourhood cool...and that there will be little or no affordable space in the building for artists.

I also have grown to love the sculptures in and around the courtyard of a building in my neighbourhood (at Knight and Kingsway) and have heard that the Rize development will not incorporate that sort of space.

I would like request that you consider doing so & to know what the council does regarding my request and others like it.

Thank you.

Patrice.
