

Petition

This petition has been organized by an ad-hoc group of Mount Pleasant residents who support density in their neighborhood.

We, the undersigned residents of Vancouver support on principal increasing density in neighborhoods because of the great benefit to environmental, political and social causes.

We believe that the Lee building should set the standard for new development within a two block radius of Main and Broadway. Therefore, the goal of this petition is to convince the city of Vancouver to demand that the rezoning application for the Rize/Alliance project at Main St. and Kingsway be granted on the condition that FSR be increased from 6.4 to 8.0 and that this be accomplished by adding the requisite number of storeys to the tower.
