To The Mayor & Council

I am a life long resident of the Jericho Beach area and I find it is beyond belief that it would even be considered to add another ugly bubble and more buildings for a private club on a public beach in a public park, you should be considering having what is there removed. At the present time the view to the east from the new beach at the sailing center is full of white rubber as is the view from Pt. Grey Rd. Don't give away to a small select group what belongs to all Vancouver, there is only so much beach and in the future there will be more people to use it. Terry Howander
