The purpose of this report is to request Council's approval of the 2012-13 budgets for twenty-two BIAs, to approve recoverable grants to these BIAs, and to instruct staff to prepare appropriate rating by-laws.

COUNCIL AUTHORITY/PREVIOUS DECISIONS

Under Section 456(1) of the *Vancouver Charter*, Council may by majority vote grant money to an applicant that has as one of its aims, functions or purposes the planning and implementation of a business promotion scheme. Section 455 defines 'business promotion scheme' as:

- carrying out studies or making reports respecting one or more business areas,
- the improvement, beautification or maintenance of streets, sidewalks or city owned land, buildings or structures in one or more business improvement areas,
- the removal of graffiti from buildings or structures in one or more business improvement areas,
- the conservation of heritage property in one or more business improvement areas, and
- the encouragement of business in one or more business improvement areas.

Section 456(2) of the *Vancouver Charter* requires that all grants to the BIAs be recovered through a special tax levy on Class 5 and 6 commercial properties in the BIA area.

CITY MANAGER'S/GENERAL MANAGER'S COMMENTS

The City Manager RECOMMENDS approval of the foregoing. The General Manager of Community Services RECOMMENDS approval of the foregoing.

REPORT

Background/Context

Funding for Business Improvement Areas is advanced by Council as a grant and recovered through a special BIA tax levy only on BC Assessment Class 5 (light industrial) and Class 6 (commercial) properties within a designated area. For each of the BIA areas, Council has previously enacted a by-law designating the area and length of term in years, and prescribing the aggregate maximum that can be granted to each BIA during its term. In addition, for each of the BIAs, Council has enacted a grant allocation by-law which authorizes annual recoverable grants by resolution, and prescribes terms and conditions for the grants. That by-law designates a not-for-profit society (a 'BIA') to receive the grant/levy money in each area. All of the funds granted to the BIA are raised by way of the BIA tax levy.

Each year, BIA Boards are required to obtain approval of their forthcoming year's budgets from their members at a general meeting, which members are the Class 5 and 6 property owners and their business tenants within the BIA boundary. After membership approval, each BIA submits its budget to the City for approval by Council. Each BIA budget includes the BIA's requested grant amount for the coming year.

Once Council has approved the BIA budgets /grants, staff prepare rating by-laws for Council's enactment. Each rating by-law authorizes the imposition of a levy on every qualifying property within the BIA area. Funding is released to the BIA societies beginning in April and recovered in July through the property taxes.

Prior to expiry of a BIA's designation by-law (usually after 5 or 7 years) a BIA may request that Council consider re-designation (renewal) of the BIA for a further term. On renewal, the BIAs undertake an intensive consultation process with their membership which may include surveys, strategic planning and open houses. Typically, renewal is the time when significant BIA levy increases may be considered by BIA Boards and their memberships. BIA levy increases do not affect general taxation, and reflect their members' expectation that an increased expenditure is justified by the expected return. In keeping with the generally arms-length relationship between the City and its BIAs, it has not been Council's practice to consider the merits of a BIA's levy request.

Strategic Analysis

The 2012-2013 budgets for twenty-two BIAs are presented in this section. The budget analysis is organized by BIA and, for each BIA there are two sections, as follows:

- First, for each BIA, the 2012-13 revenue and expenditure budget is shown, as approved by the BIA membership at their annual general meetings (generally in June and September 2011)
- Secondly, for transparency, a further paragraph provides additional financial information not normally shown in a budget i.e. a) status and disposition of reserve funds and/or retained earnings, and b) updated information on the disposition of year-end surpluses that may not have been anticipated when the BIA's budgets were voted by their memberships typically six to nine months ahead of March 31 year-end. (A common practice among BIAs is to hold in reserve the accumulated surpluses from previous years. Reserves provide the ability to fund budget shortfalls, respond to opportunities, and to save for future projects).

Regarding additional financial information, staff have agreed to a change in reporting requested by the Vancouver BIA Partnership (the umbrella organisation of the 22 Vancouver BIAs). The previous City practice has been to request and report *current* year-end estimates. BIAs have expressed discomfort providing estimates because the audited financial statements (produced after year end) could vary significantly from the estimates, despite a BIA's best efforts. Therefore the BIAs suggested, and staff have agreed, that BIAs would instead reference their *prior year-end* figures (i.e. year ending March 31, 2011). Staff will be reviewing the BIAs' 2011-12 audited statements (year ending Mar 31, 2012) as soon as they are available from their auditors.

Implications/Related Issues/Risk (if applicable)

Financial

The total requested funding for the BIA societies is \$8,969,075, representing an increase of about 3% compared to 2011-12 requests. A comparison of the 2011-12 and 2012-13 budgets is provided in Appendix W.

BIA memberships (commercial property owners and business tenants) approve the BIAs' budgets by vote at Annual General Meetings. As BIA levies average only about 4.7 percent of Class 5 and 6 property owners' total commercial property tax bill, the overall impact on their tax bills is relatively small. However, as some commercial owners might not distinguish between BIA levies and general property taxes, some owners could misconstrue BIA levy increases as being part of a general tax increase. However, to date staff have heard very few concerns with regard to BIA budgets and the corresponding BIA tax levies in their areas.

Should Council approve the BIA budgets and staff prepare rating by-laws for Council's enactment, these funds will be advanced by Council to the BIA societies in April and recovered through subsequent property taxes. There is no net impact to the 2012 operating budget.

CONCLUSION

The combined budgets (levy) amount for the 22 BIAs is approximately \$9 million for fiscal 2012-13, an increase of about 3% compared with 2011-12. A portion of the expenditure provides tangible benefits to the City; For example, in the upcoming fiscal year, the BIAs will

collectively expend close to \$2 million on public realm enhancements alone in the city's commercial areas. The City's cost is limited to administration of the BIA Program.

Appendix W compares each of the 2012-13 BIA budgets with their corresponding budgets from 2011-12. Two BIAs are proposing minor budget decreases for 2012-13. A majority of the BIAs are proposing budget increases under 5%, and (with one exception) the balance of BIAs show increases between 5% and 10%. The proposed increases reflect higher costs for goods and services and/or expenditures needed for expanded BIA programs and initiatives. The one exception is a 'renewing' BIA (Fraser Street) with a proposed budget increase close to 19%. In the case of BIAs seeking a renewed term, larger budget increases are typical and expected, as BIA boards move to implement new or enhanced programs identified by their members during renewal outreach. The Fraser Street BIA's proposed increase was contemplated in the BIA's renewal proposal and funding ceiling approved by Council at the February 16, 2012 BIA Court of Revision, and reflects the BIA's intention to attain funding sufficient to accomplish BIA goals and aspirations.

BIA Program staff generally attend and observe the proceedings at BIA annual general meetings, and were present at all but two of the proceedings referenced in this Report. The two BIAs (Collingwood and Hastings North) have provided Minutes from their AGM and a Declaration that the meeting was properly held. All the BIAs have complied with the requirements set out in the City's BIA Grant Allocation By-law and the City's BIA Operational Guidelines (Appendices X and Y). City staff have received the 2010-11 audited financial statements of all twenty pre-existing* BIAs. The proposed Business Promotion Schemes are in keeping with the spirit of the BIA legislation. Staff recommend approval of all the BIAs' 2012-2013 budgets as submitted.

*The two new BIAs (Hastings Crossing and West Broadway) will submit their first financial statements at the end of the 2011-12 fiscal year.

The proposed Marpole Business Association Draft Budget levy for 2012-2013 totals \$157,500. This draft budget permits a modest increase in the MBA's funding level to allow for future projects and programming needs.

The MBA has not increased its budget for the past four years.

Fiscal management of MBA funds by the Board of Directors has been prudent and accountable to the membership at the Annual General Meetings.

Member priorities, as evidenced in the 2011 Member Survey and in the 2010 Long-Range Strategic Plan, have demonstrated a need for continued maintenance of existing projects, and a desire to explore new programming options.

The future success and effectiveness of the MBA in serving its members' interests is dependent upon moderate budgetary growth.

Over the course of the proposed renewal mandate of seven years from 2012-2019 - the MBA seeks to achieve a funding cap of \$1,500,000.

"grant money" means any money granted to the Association by Council under section 3; and

"Association" means the ______ Association.

3. Subject to the ______ BIA Designation By-Law, the terms and conditions set out in this By-law, and Council's approval of the budget referred to in section 5, Council, by annual resolution, may grant money to the Association at such times and in such proportions as Council determines.

5. On or before December 31 of each year or as otherwise determined by the Director, the Association must submit to the Director a budget, based on a fiscal year commencing April 1, which contains information sufficient in detail to describe all anticipated expenses and revenues, and which the Association has approved in accordance with the requirements of its constitution and by-laws.

6. At least every three months after Council approves the budget, the Association must submit to the Director a statement of revenues and expenditures.

7. On or before September 30 of each year, the Association must cause its auditor to deliver to the Director the Association's audited financial statements including a balance sheet, a statement of revenue and expenditures, a statement of change in financial position, and a schedule of change in financial reserves.

8. The Association must keep grant money in a separate account, and must cause the revenue and expenditures resulting from use of that separate account to be an audited schedule to the financial statements and reported separately as required by section 6.

10. The Association must permit the Director, or Director's designate, during normal business hours on reasonable notice, to inspect all financial records the Director deems advisable to verify and obtain further particulars of budgets and financial statements of the Association as they relate to grant money.

11. The Association may invest any grant money not required for immediate use but must do so only in securities in which trustees are authorized by law to invest.

BIA OPERATIONAL GUIDELINES

In addition to the terms and conditions outlined in the Grant Allocation By-law the Director of Finance recommends that funding be contingent upon the Director being satisfied that the BIA Societies are complying with seven guidelines described herein.

The general intent of the guidelines is to ensure: that each BIA Management is representative of the community; that all persons eligible to be a BIA member are notified of general meetings; and that their ability to vote on the annual budgets is not restricted.

These operational guidelines were not incorporated into the City's by-laws because they may need to be changed as more experience is gained with business improvement areas. The guidelines are as follows:

- A. Copies of all minutes shall be provided to the Director of Finance within 30 days of general meetings and director's meetings.
- B. Should a Society choose to charge an annual membership fee, in addition to the BIA levy, that fee shall not exceed \$5.00.
- C. The quorum for a general meeting shall be fifteen members.
- D. BIA members can be either (class 5 or 6) owners or tenants. In order that the views of both types of BIA members are represented, the Board of Management shall consist of both property owners and business owners who are eligible to be members.
- E. A declaration, stating that all persons eligible to be BIA members were notified of a general meeting, shall be sent to the Director of Finance not less than 7 days prior to the date scheduled for a general meeting.
- F. AGM Notice should include:
 - a detailed new budget so it can be reviewed before the AGM;
 - a list of nominees for the Board;
 - financial statements.
- G. Guidelines for bidding practices
 - Common law rule indicates that a director is disqualified from voting on any question in which he or she has a personal or pecuniary interest distinct from that of the inhabitants generally. In addition, directors are expected to disclose any disqualifying interest.
 - Three bids, closed envelopes, no post mortem undercutting.
 - Clear identical descriptions of jobs provided to all bidders.
