Hi Bonnie,

Below is another email from Jean Allen. I called her at approximately 830am this morning, and answered any questions she had. I have also reminded her that she can call me anytime up until 5pm on Monday if there is any further she needs to know prior to speaking at Council.

Farhad

I went to City Hall yesterday in search of an official document that could show the true division of properties between 5761 St. George St. and the houses on the N. side facing 41st. Ave.

I also received information from the 'mayorandcouncil@vancouver.ca' that all the documentation that I have sent to you would be forwarded and attached to the information that is given to the members representing the city.

This is an excerpt from that email.

Thank you for your comments.

All public comments submitted for the public hearing that are received not more than 15 minutes after the close of the speakers list for that public hearing will be distributed to members of Council for their consideration. The public comments must include the name of the writer.

In addition, these public comments will also be posted on the City's website (http://vancouver.ca/ctyclerk/councilmeetings/meeting_schedule.cfm). Please note that your contact information will be removed from the comments, with the exception of the writer's name. Comments received after the start of the public hearing should not exceed 1500 words.

Public comments submitted for the public hearing that are received more than 15 minutes after the close of the speakers list, will not be distributed until after Council has made a decision regarding the public hearing application and the related bylaw is enacted, if applicable.

For more information regarding Public Hearings, please visit vancouver.ca/publichearings.

Can you clarify that I should now go through all the emails that I have sent to you and forward them to the City Clerk so that they can be presented at the May 14th meeting?

I know you suggested that I phone you. I appreciate that you have always returned my calls. Jean Allan

Please note my new email address and update your contact info for me

I have attached photos of the trees from the back of the cemetery caretakers house which will be destroyed by the proposed development. The rezoning committee meets at 6 p.m. Monday 12th of May.

I am scheduled to speak and any pertinent information, I would certainly present. Thank you for forwarding my email to Lorraine Irving. I have attended one of her tours and was keenly interested. Jean Allan

Please note my new email address and update your contact info for me Jean Allan,

This is the view from the 1919 section of Mountain View Cemetary facing 5761 St. George St. The location of the proposed driveway will remove all these 100 year old trees!

The
maples in
the back ground
grow along the
inside property line
of 5761 St. George.

These maples in the backyard of 496 E. 41st were
planted in the first days of Mountainview
cemetery.

Photo taken from St. George St looking West.
These substantial trees are on 5781 St. George St.
