Subject: Support for 611 Main St

Good evening,

I just wanted to voice my support for the proposal at 611 Main St. I did not feel comfortable voicing my opinion in person due to very vocal opposition from some speakers at previous meetings regarding the HAHR.

I feel this project will help revitalize an important piece of Vancouver's history and help Chinatown avoid a fate similar to Japantown. As someone that resides s.22(1) Personal and Confidential I am familiar how a project can play a major factor in re energizing an area. While this project is of a much smaller scale it will have a positive effect on the area and along with it's neighbour at 633 Main it will help provide body heat that is lacking to the area in the evenings.
