Subject: Rezoning Application of 6361-6385 Cambie Street

Dear Mayor and Council,

I support the rezoning project of 6361-6385 Cambie Street . I have been working in this neighborhood for more than 10 years. I saw how Canada Line built. (There was a big hole in front of our office for more than 2 years). I believe that Canada line changes the whole neighborhood. We need multiple-flat properties and apartments along side with Canada line. It can provide more affordable properties for the young families. Instead of some 2 – 3 million houses make impossible for almost everyone to purchase the property in Oakridge area. As business in the neighborhood, it is good to see more people moving in this nice area. I truly believe that Oakridge area still has lot of space to be developed. The project seems a very nice fit.

Thank you so much for reading my opinion.
