I own s.22(1) Personal and Confidential and 100% endorse both rezoning applications. I feel that these buildings would be a great addition to our skyline. I cant make it to the public hearing because I will be on a sales trip in Bogata, but hope you can put in my word for these buildings. I am just a bit surprised on how short the buildings are in Vancouver. 50 to 60 storey buildings are the norm in new york and hong kong. Why are we always going with short buildings?

thank you
