Subject: Notice of public hearing - 33-49 east hastings street

Regarding the building of 33-49 East Hastings Street.

This building will truly effect my quality of life. As you can see in the photos, it will obstruct my view of greenspace, City Hall and the beautiful light I enjoy every evening. It will change my everyday.

I have tried to make arrangements to be at the hearing today – however I have become ill. I trust my voice will be heard through this email.

Quality of life is why we live in Vancouver. The views. The beautiful views. I have fought my way through poverty that I can purchase a home that offers these views – and yes I chose the south facing view – and now a developer wants to take it away. I was a single parent working hard for a better life for myself and my children. This is my home – my reward – my future. And I don't believe I should give it up to a developer using social housing as an excuse. It's not right.

Thank you.
