Thank you for your comments.

All public comments submitted for the public hearing that are received not more than 15 minutes after the close of the speakers list for that public hearing will be distributed to members of Council for their consideration. The public comments must include the name of the writer.

In addition, these public comments will also be posted on the City's website (http://vancouver.ca/ctyclerk/councilmeetings/meeting_schedule.cfm).

Please note that your contact information will be removed from the comments, with the exception of the writer's name. Comments received after the start of the public hearing should not exceed 1500 words.

Public comments submitted for the public hearing that are received more than 15 minutes after the close of the speakers list, will not be distributed until after Council has made a decision regarding the public hearing application and the related bylaw is enacted, if applicable.

For more information regarding Public Hearings, please visit vancouver.ca/publichearings.

Thank you.

Subject: 2290 Main Street Proposal

Dear Mayor and Councillors,

I will not be able to attend the public hearing for this project so please accept this letter in support of the project proposed for Main Street and 7th Avenue. My husband, newborn son and I live at Main and 10th and really love Mount Pleasant. When looking for places to live there were not many options for us since the area does not have a lot of newer buildings. I am in favour of the continuing upgrades to the neighbourhood which will allow more individuals and families to move in. In particular this development is of interest because it is only 6 levels which is complimentary to the current neighborhood design.

As our family grows we will likely have to move out of our one bedroom condo and I like to see more options that would allow us to stay in Mount Pleasant. Larger units are currently hard to find and I understand that this proposed building will include some three bedroom units. The proximity to the community centre also makes this a prime location for a residential building since the property is currently completely underused.

I hope this building will become part of our neighbourhood.

Sincerely,

Alison Mazurek

Hello

Just shooting off a quick email to let you know I support the building of this project "the vertical forest building" and I live beside the building site at District south Main st.

Thanks for your ear

Dear Mayor and Council of Vancouver,

I have been a proud resident of our city for over 20 years, having relocated from Toronto and NYC. Love our green spaces, use of bike lanes, view corridors, and water protected access, however, our boring glass towers are old, dated and have no character. The city core is starting to look like a suburb of row houses that sit side by side, exactly like the next etc.

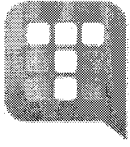

I would highly support you, and your votes on approving wonderful and stunning projects, like the Vertical Forest on Main. We need to move into the 21st century.

Our city needs to feel like a modern hub, embracing innovation, technology and new architectural marvels, just like BC Place.

I implore you to support the modernization of our city.

Sincerely,

Jean-Guy Faubert
