**To:** Correspondence Group, City Clerk's Office  
**Subject:** Question to council

I am presently at public hearing and understand I as part of audience am invited to send in my question.

I would like to know:

1/How was it possible to skip the public consultation process on rezoning plan?

2/ As a tenant, a) what is my landlord's obligation to provide me notice in the case they plan to apply for rezoning to replace my place of residence with a tower, b) do I have any recourse to appeal eviction?, and c) how much notice is required for eviction in event of development?

Thank you,  
Marylynn Riendeau
