**Subject:** Proposed Development at 4099 Cambie Street

We are strongly opposed to the proposed height of eight-storeys at this development. As far as we can tell, all the other proposed developments in the neighbourhood around King Edward and Cambie and along Cambie Street from W King Edward to W 41<sup>st</sup> are for six-storeys. WHY does this development get to be two storeys higher? Last October when we attended an open house for this development, we were told six-storeys but possibly eight. Now it seems there is no choice. We feel this added height will impact our privacy and the esthetics of the neighbourhood. Please go back to six-storeys!

Thank you.
