Subject: In favour of the Marpole Rezoning plans

Hello,

As an owner and resident of the Marpole area and I am in full favour of the rezoning to allow for more housing options to the area. My wife and I have lived in Marpole for 6 years and have lived in the Greater Vancouver area for over 32 years now. I've watched as the Vancouver grow into a lively metropolis and see the potential to grow into something even greater.

However, with growth, I also realize that Vancouver needs to develop existing communities so that many more people can afford to live, enjoy and contribute to the communities and of the great city of Vancouver. I also see too many of the older apartment complexes and homes in the area that are run down and remain unmaintained. By promoting new developments, I hope to see Marpole rejuvenated into an even better community for all to enjoy.

Sincerely,

PW Suk
