May 17, 2014

Dear Mayor and Council:

I am deeply distressed about the development at King Edward Avenue and Ash Street. I cannot believe that you would allow the tearing down of perfectly sound houses to build townhomes that start at \$1.2 million. People with that kind of money don't need to have houses torn down to accommodate them, nor does this type of development do anything to alleviate the homelessness situation.

I am very disappointed in the Vision Party and the way they have completely ignored the concerns of the people of this neighbourhood.

Yours truly,
Dorothy Watts

Subject: 587 West King Edward Ave

To the City;

I'm strongly opposed to the change in the zoning of sites 587 West King Edward Ave and 591-599 West King Edward Ave from one family dwelling to two new CD-1 districts.

King Edward street and adjacent Cambie streets are already jammed pack with vehicles during peak hours and by building multi-resident buildings, the city will promote log jams unless additional infrastructure is added (eg. making King Edward and Cambie Streets bigger).

I would urge the city not to re-zone unless it is prepared to add additional car lanes to King Edward and Cambie streets.

Sincerely,

Don Sin
