Dear Mayor,

I am living in the neighbourhood and thinking about the amount of traffic, the noise pollution, the large crowds and many more adding by this 6 storey-building. There are 2 churches in the same block and I can imagine the parking problem when they have assembly. Apparently the parking space are not sufficient parking. The residents and/or visitor will park in front of our houses it will increase the traffic and noise for us.

It would cause congestion in the area and will greatly affect the liveability of our neighbourhood and destroy the existing ambiance.

Hi,

I am writing this email to voice my concern over the rezoning project of 508 West 60th Avenue & 7645-7685 Cambie Street. I feel that with the increase of people in such enclosed space it crowds area. The peaceful neighborhood becomes busy and noise with the increase flow of traffic. Also I would like to raise the concern of the lack of parking space, without enough parking space the streets would be full of park cars which ultimately reduces traffic flow.
