RE: Central Presbyterian Church, s.22(1) Personal and Confidential

"If approved, the zoning would change from RM-5B (Multiple Dwelling) District to CD-1 (Comprehensive Development) District. The proposal is for a 22-storey mixed use building comprised of a church, child day care facility, one retail unit, and a total of 213 dwelling units of which 168 would be secured as market rental housing and 45 would be secured as social housing. The proposed floor space ratio (FSR) is 9.45 and height is 63m (207ft)."

Dear Mayor and Council members

My church membership and I write this letter in total support of the above project.

We, at Christ Alive Community Church, have been renting worship space at Central Presbyterian Church for over 10 years and have experienced their devotion to the surrounding community.

One project in which I am involved and support is the monthly community breakfast. Sunday before check issuing week, three churches come together and feed some 200 people each month.

I truly believe that this project will increase their ability for continuous ministry to the people in need of a place of residence and worship. My understanding is that they intend to expand their ministry to serve yet more people in the area.

If you wish to reach me for further discussion feel free to call at s.22(1) Personal and Confidential

Re 1155 Thurlow Street

To re develop the Central Presbyterian Church property at 1155 Thurlow makes sense for the following reasons. The building has no heritage value. It enables the congregations using the facilities to have increased space for their activities. A child day care facility is needed in the area as well as social housing units. Also rental suites are necessary as the population of the city increases. I support the proposal.

Yours sincerely,

Robert M. Belluck
