Re: 3501-3523 E. Hastings Rezoning Applications

Dear Mayor Gregor Robertson and Council,

Hastings Northview Apartments Ltd/Cornerstone Architecture has submitted a rezoning application to build a 6 Storey 87 unit Market Rental Building with commercial at grade under the Rental 100 Program. We believe this development will help spark the much-needed revitalization of the neighbourhood.

We have asked local business in the Vancouver Heights area to show their support for this application. See below for a list of signatures from various local businesses in the area:
