To the City Council,

Re: Public Hearing for the development of two residential towers at site CD-1

I am a resident at Langara Springs which is just slightly north of this proposed rezoning. I am **strongly opposed** to the development of yet another two major residential towers as the roads in the vicinity are already extremely congested (especially on the corner of SW Marine Drive and Cambie St). There simply is not enough infrastructure to support another 582 residential units given the congestion in the area.

Thank you for your kind attention.

Sincerely,
Dr. Terence Wang

Subject: Redevelopment of 445 Southwest Marine Drive?

I will not be attending the Public Hearing on this matter, but do have to say that I have lived in this area for 25 years, and want to know when will the tearing down of liveable properties, near Cambie, between Marine Drive and 16th Ave stop??? I guess it is true that "You can't fight City Hall! Our neighbourhood is quickly going, when will it stop? The Canada Line was a great addition to our area, but now it is getting out of hand. WE are seniors and I still drive, but the traffic is ridiculous (especially when the construction of all these buildings are taking place). I assume that the Canada Line is supposed to alleviate some of this, but now we have our streets packed with cars parked so people can take the Canada Line?? As far as that is concerned. I find it ridiculous that there is not specified parking for just this problem? Also as far as I know there are not even any specified Drop Off or Pick up areas near the Marine Drive or 49th Canada Line Stations. Our families from out of town use the Canada Line, and I usually take them or pick up. We live at 59th and Columbia and it is a bit of a hike. for either places, the reason we ourselves have been unable to use the Canada Line. You asked for comments, and perhaps I have overdone it, but there you are. Concerned Senior Patricia Moore
