Thank you for your correspondence.

During a public hearing, Council hears from all of the interested speakers. At the end of that process, Council declares the speakers' list closed.

All written comments submitted for the public hearing and received up to 15 minutes after the close of the speakers' list will be distributed to members of Council for their consideration.

Written comments submitted for the public hearing more than 15 minutes after the close of the speakers' list will not be distributed to Council in compliance with S18.10 of the City's Procedure Bylaw.

When submitting written comments, keep your document to 1500 words or less if the public hearing has already started. If the public hearing has not taken place yet, there is no limit to the number of words you can submit.

Written comments submitted to the public hearing will be posted on the City website and must include the name of the writer. Additional contact information (e.g. email address) will be removed.

Recipient: Vancouver Mayor and City Council

Letter: Greetings,

I am opposed to the proposed amendments to the Downtown Official Development Plan

- The proposed definition of "social housing" removes support for those most in need
- The proposed amendments benefit developers, not people in need of affordable housing
- The DODP and its proposed amendments are not intelligible, simple or direct, as required by law
- The City did not provide sufficient detail for the public to understand the pros and cons of the proposed amendments

I urge the Vancouver Mayor and City Council to vote against the DODP proposed amendments on March 26

Olivia Edwards	Vancouver, BC	2015-03-24	I totally disagree with the change in definition of social housing.
virginia palomino	Mijas (Málaga), Spain	2015-03-24	Opposition to density and living in the shadow
Roberto Palomino	Vancouver	2015-03-24	Vancouver is one of the worst cities in North America for commuting, mostly due to high demographic density. Please build a high rise every 10 or 15 blocks instead of one besides de next one.
Glen Chernen	Vancouver, Canada	2015-03-25	I am signing because I feel that common sense solutions must prevail and to voice my objection against allowing local politicians govern based on definitions from an imagined dictionary.
maite palomino	Vancouver, Canada	2015-03-25	I oppose high density and living in the shadow after paying big money for a view. Concern on environmental consequences
Chelsea Yuill	Vancouver, BC	2015-03-25	I'm signing because this is not a solution for low income families/individuals or to homelessness in Vancouver.
Sarah Evans	Vancouver, Canada	2015-03-25	I am signing because I want to maintain low income social housing in the DTES. I want this because it helps combat homelessness, it preserves the historic character of the DTES community, and because it truly makes Vancouver a better, more livable and more interesting place. Thank you
Barbara Osborne	France	2015-03-25	I am a resident of Vancouver
Lucy Hogg	New York, NY	2015-03-25	I have been a resident of Vancouver and know how development is impacting the lives of the middle and working class. As a two professional income family we couldn't afford to move back the way things are now.
Gil Yehezkel	Vancouver, Canada	2015-03-25	Don't want to make Richards street more busy as it is, and prefer more green over concrete
Rick Horne	Vancouver, Canada	2015-03-25	Vision is continuing to ignore the public and trying to act like dictators again! No democracy here.
Jana MacLagan	Vancouver, BC	2015-03-26	The Mayor is running roughshod over our city and ruining our communities ! This must stop! We want neighbourhoods with people not empty condos and density!
Laura-Leah Shaw	Vancouver, Canada	2015-03-26	I'm signing because I don't feel vancouver mayor Gregor Robertson, nor his vision councillors show respect to the citizens of vancouver. I feel there is a strong - we'll do what we want AFTER PRETENDING to take public sentiment into account.
matthew crestohl	Vancouver, BC	2015-03-26	Developers run this city and with the help of city hall are profiting off the unaffordability of our city.
aija stear	New Westminster, BC	2015-03-26	I care about the happiness and comfort of the new and old families that live in this city. It's a struggle enough to survive barley as it is.
Patrick Naughton	Richmond, Canada	2015-03-26	It is important to have affordable low income social housing. Someone has to stand up for those that can't support themselves. Vancouver is a city that is non resident owners that artificially inflate pricing so that those that actually want to live in the city can't afford to.
