Hi there,

I am a resident/owner in Downtown Vancouver. I am 100% in support of the proposed re-development of 508 Helmcken. In addition to helping our local economy, I am most interested in seeing more support for downtown schools (I am a new father and have no idea where my son will go to school). I also welcome the development of new rental housing, especially in the core, which only helps reduce Vancouver's uniquely challenging traffic problem.

Best regards,

Alexi Manolis

Dear Karen,

I'm writing to voice my support of the development at 508 Helmcken. This development is going above and beyond to support the greater community by offerings increased social housing, much needed rental housing for the Yaletown area as well as a new school.

Moreover, 508 Helmcken helps address Vancouver's growing population that struggles with decreased affordability as well as access to schooling. It is important that as a city we advocate for new buildings that support the entire community as this one does.

Regards,

Kimberly Kaplan

Hello Mayor and Council,

I wanted to make you aware of my support for the project at 508 Helmcken. As a young Vancouver resident, many of the issues most important to me are addressed by this development; the new school, the affordable housing and the creation of more market housing are all positive steps forward for my community.

Please know that I am in favor of this development. Thanks for representing my beliefs,

To the Mayor and Council,

Please accept this email as my full support for the rezoning for the 508 Helmcken Street project. I am happy to see a building of this nature being developed in the Yaletown area. As a renter myself, I would like the opportunity to live in a new, purpose built rental building. Rental housing is tough to find in the city and I support the developer for their initiative with this project.

To whom it may concern,

The proposed development at 508 Hemlcken St. is a great idea and I am in support of it. I like that it has proposed a large number of rental options. The proposed idea that schooling options will be available for kids is a huge benefit to the neighborhood. I think the location of this development perfect, and is much needed in this area of downtown. I support this development as I truly believe it will benefit its current and future neighbors, and help to build on the existing community.

Thank you,  
Hannah Bowell
