B. Motions on Notice

1. Protecting Vancouver's Recreational Water Quality

The following motion contains additions to the original Motion on Notice, which were accepted by the Council.

MOVED by Councillor Carr
SECONDED by Councillor Ball

WHEREAS

1. The City of Vancouver, through the Greenest City 2020 Action Plan, Healthy City Strategy and Metro Vancouver Regional Waste Management Plan, has a

strong and dedicated commitment to world class recreational water management, including reduction in sewage runoff;

2. Clean and safe recreational waters are important for Vancouver's tourism sector, its global reputation as a healthy green city, and local residents' health and recreational enjoyment;
3. The Vancouver Board of Parks and Recreation unanimously passed a motion on April 27, 2015, to work with interested governmental agencies and departments, non-governmental organization and individuals to achieve a goal of zero beach and recreational water closures in the city of Vancouver.

3. Increased Protection for Tenants and Vancouver's Rental Housing Stock

The following motion contains an addition to the original Motion on Notice, which was accepted by the Council.

MOVED by Councillor Meggs
SECONDED by Councillor Jang

WHEREAS

1. About half of Vancouver residents live in rental housing, which provides a crucial element of affordability in the city's overall housing market;
2. City Council took action in 2007 to control the rate of change in rental housing and to protect some, but not all, of the city's rental housing by implementing a by-law that requires rental units to be replaced on a one-for-one basis for redevelopment projects involving six or more units;
3. This by-law and the associated official development plan also required the Development Permit Board to consider the views of tenants and to ensure tenants are offered relocation plans and the right to return to new buildings after replacement;
4. Conditions in the housing market as well as very low vacancy rates threaten to erode the existing stock of rental housing, increasing displacement of tenants, despite the existing by-law.

THEREFORE BE IT RESOLVED THAT Council direct staff to report back with options to amend the rate of change guidelines to improve the protection offered to tenants and existing rental units, as well as the steps that would be necessary to maintain lower rents;

BE IT FURTHER RESOLVED THAT staff consult with the Renters Advisory Committee as part of developing recommendations for Council.
