Again I will be giving my feelings regarding the over the top development of our neighbourhood!! It is a useless effort on my part, but feel I have to have my say. I would not be able to attend any HEARINGS?. I am a senior with some walking problems, so this is a way I can say what I feel, which is a waste of my time and your time. How can anything be stopped when it is already in the works i .e. Houses coming down, chain link fences going up. These yellow cards that arrive are a waste of paper, and postage. I would only hope that something will be done about the increase in population and traffic in this area? We are surrounded by so much multi-family building, here, were we have lived for 25 years! It is difficult now to get out to 59th from Columbia St. Also coming down Cambie going southbound, that turn on to 59th is a accident waiting to happen. Very stressful to negotiate the side streets in our area, so many construction vehicles etc. I also feel that resale for us will be more difficult than when it was a ordinary neighbourhood?? Again I would only hope that there is a plan to contend with all this redevelopment? Patricia Moore.. [s.22\(1\) Personal and Confidential](#)
