Subject: Rezoning Application for 4066 Macdonald Street & 2785 Alamein Avenue

Dear Mayor and Council,

As a resident renting in the Kitsilano area with a young family we are constantly looking for ownership opportunities that can keep our family in relatively close proximity to the neighbourhoods we have grown to love.

With single family homes beyond reach, a three bedroom townhome has become our desired form of housing. However, opportunities for townhomes on the west side of Vancouver are extremely limited.

The proposed development at MacDonald and Alamein, is exactly the type of development we need more of in this City.

It fits well with the neighbourhood, adds to the vibrancy of the commercial area, and provides three bedroom housing options that are virtually non-existent in that area.

One block from an elementary school and park, on an arterial road, and in an established commercial area. We need to make the most of these opportunities.

I encourage you to give your support to this proposed rezoning.

Thank you for your consideration.

Sincerely,

Jonathan Vondette
