Meeting Date: January 24, 2017

TO: Vancouver City Council
FROM: Civic Asset Naming Committee
SUBJECT: Naming of Civic Asset - White Pine Mill Pump Station

RECOMMENDATION

THAT the City-owned sanitary pump station, located in the East Fraser Lands, be named as "White Pine Mill Pump Station".

CITY MANAGER'S COMMENTS

The City Manager submits the foregoing recommendation for consideration.

COUNCIL POLICY

The Civic Asset Naming Committee was established by Council on February 29, 2012, and re-established on December 16, 2014. The Committee approves names to be added to the Names Reserve List based on input from staff regarding compliance with naming policies and guidelines and also recommends names to Council for new streets and roads, development areas, pedestrian and cycling infrastructure, and other City-owned assets and facilities (excluding Parks and Library assets).

PURPOSE

This report seeks Council approval of naming a sanitary pump station in the East Fraser Lands River District area as "White Pine Mill Pump Station".

BACKGROUND AND DISCUSSION

On February 15, 2016, the Civic Asset Naming Committee passed a motion to recommend the name “White Pine Mill Pump Station” for the sanitary sewer pump station located in the East Fraser Lands River District area (as shown in Appendix A and B).

The White Pine name acknowledges the Canadian White Pine Mill. Located on the Fraser River in Vancouver, the mill began operation in 1923 and was the first sawmill owned and operated by H.R. MacMillan. By the 1930s, MacMillan acquired the neighbouring Dominion Mill, built by Julius Bloedel in 1910, creating one of the largest mill operations on the Pacific Coast. It closed in the early 2000s.

Figure 1: Proposed Signage

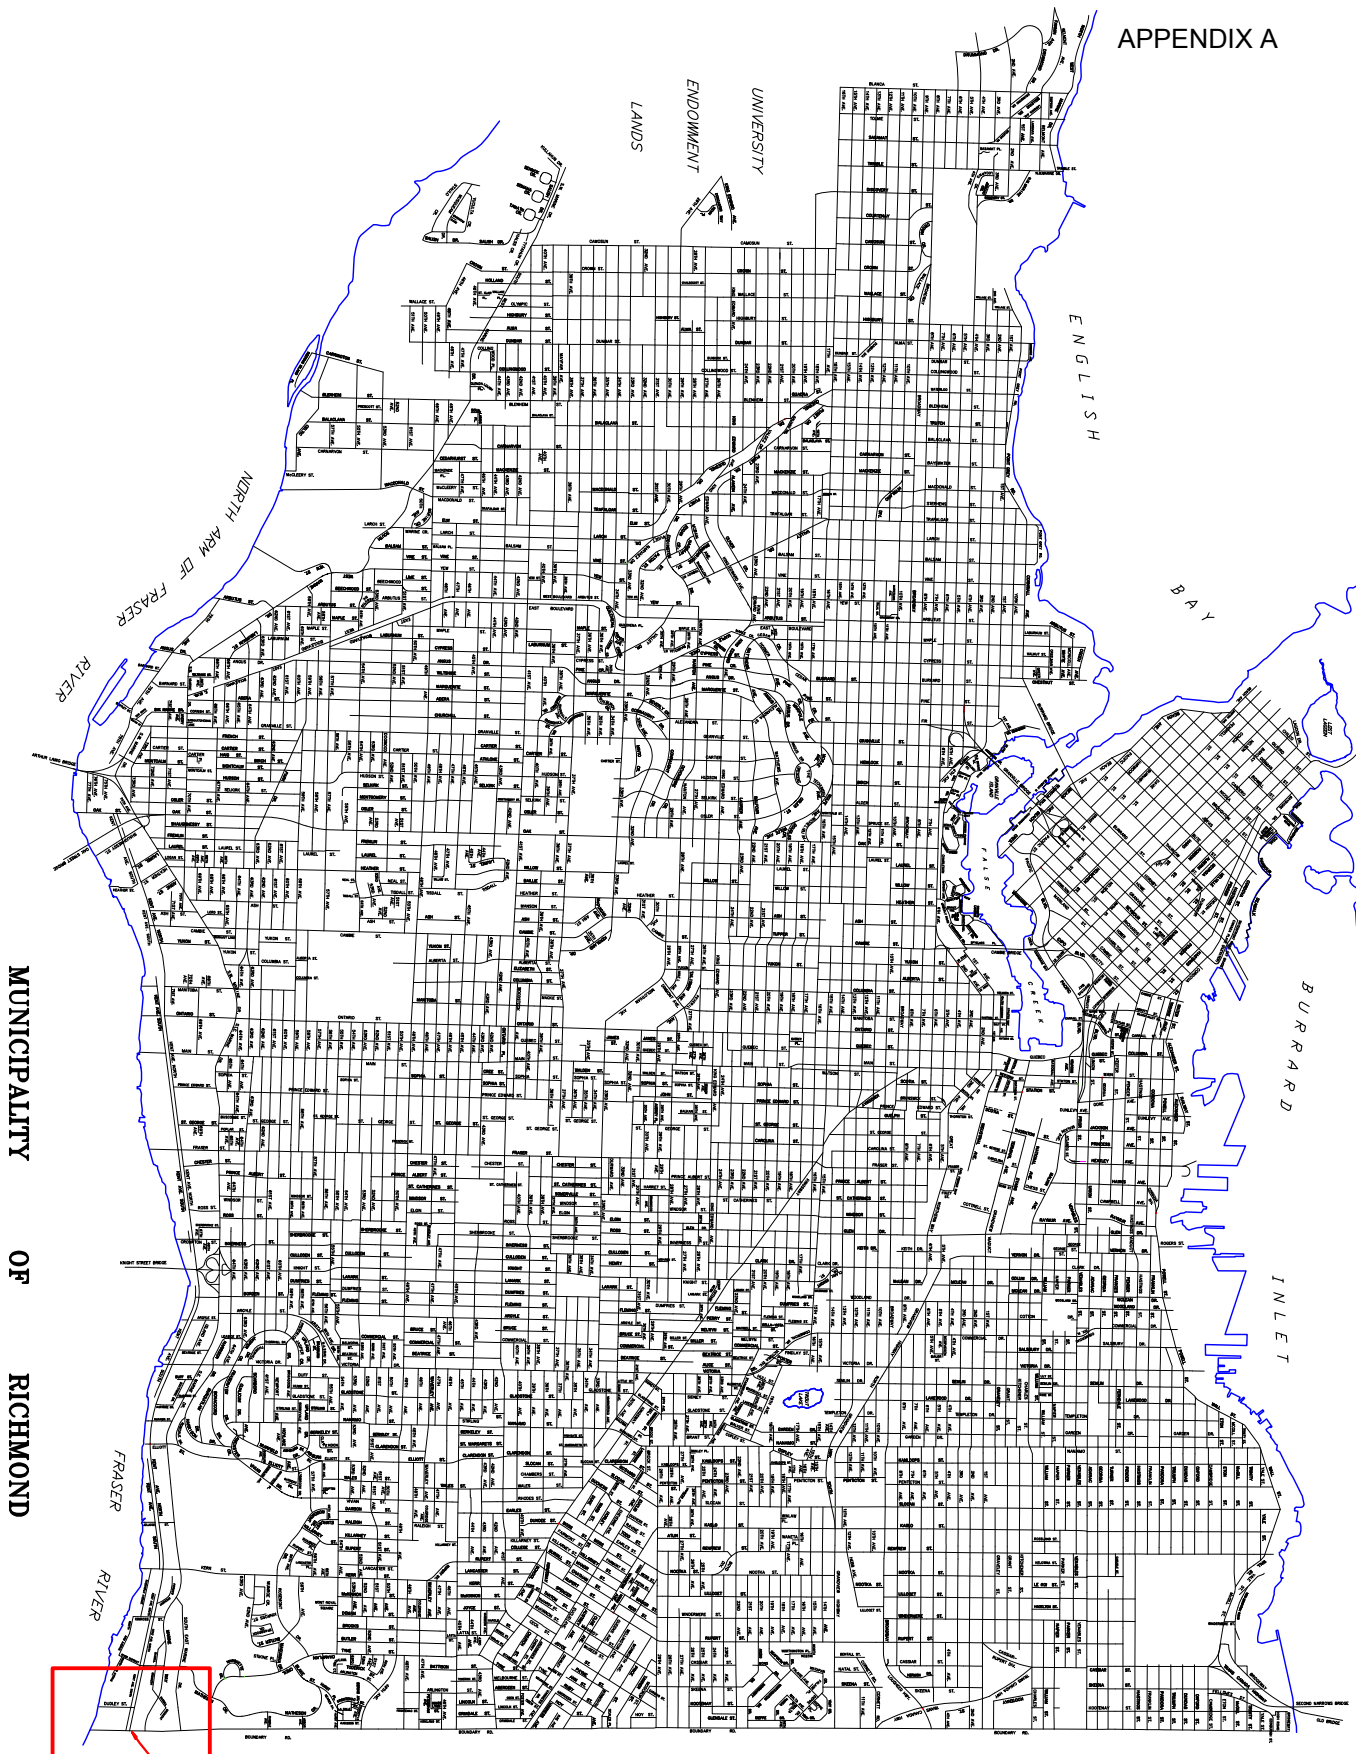

FINANCIAL IMPLICATIONS

There are no financial implications. The supply and installation of the signage is included as part of the pump station design and specification. The pump station is being constructed by Park Lane as the developer of the East Fraser Lands under their site servicing obligations.

CONCLUSION

The Civic Asset Naming Committee recommends Council approve the name “White Pine Mill Pump Station” for the City-owned sanitary pump station located in the East Fraser Lands River District area.
