Subject: RE: Public Hearing Notification – Railtown I-4 (Historic Industrial) District – Proposed Zoning By-law Amendments
Attachments: Municipal Regulatory Recommendations.pdf; Municipal Policy Recommendations.pdf

Hello,

Thank you for circulating CN on the public hearing notice.

Please find attached CN's habitual regulatory and policy recommendations in order to promote land use compatibility in proximity to railway operations.

Kind regards,
Nadia

Subject: Public Hearing Notification – Railtown I-4 (Historic Industrial) District – Proposed Zoning By-law Amendments

You are in receipt of this email as a person who has expressed interest in the Railtown I-4 (**Historic Industrial**) District – **Proposed Zoning By-law Amendments**. Please find below information regarding the upcoming Public Hearing.

Public Hearing:
Tuesday, April 11, 2017, at 6pm
City Hall, 453 West 12th Avenue
Third Floor, Council Chamber

I-4 (Historic Industrial) District – Proposed Zoning By-law Amendments
This item is a continuation from the January 26, 2017 Public Hearing with additional proposed changes to the new I-4 (Historic Industrial) District.

To amend the Zoning and Development By-law to add the Creative Products Manufacturing use, and to rezone some areas of M-2 (Industrial) District within the Downtown Eastside as a new I-4 (Historic Industrial) District.

FOR MORE INFORMATION ON THIS APPLICATION:

www.vancouver.ca/dtes

Anyone who considers themselves affected by the proposed by-law amendments may speak at the Public Hearing. Please register individually before 5 pm, April 11, 2017, by emailing publichearing@vancouver.ca or by calling 604.829.4238. You may also register in person at the door between 5:30 and 6 pm on the day of the Public Hearing. You may submit your comments by email to publichearing@vancouver.ca, or by mail to: City of Vancouver, City Clerk's Office, 453 West 12th Avenue, 3rd Floor, Vancouver, BC, V5Y 1V4. All submitted comments will be distributed to Council and posted on the City's website. Please visit vancouver.ca/publichearings for important details.

Copies of the draft by-laws will be available for viewing starting March 31, 2017 at the City Clerk's Department in City Hall, 453 West 12th Avenue, 3rd Floor, Monday to Friday from 8:30 am to 4:30 pm. All meetings of Council are webcast live at vancouver.ca/councilvideo, and minutes of Public Hearings are available at vancouver.ca/councilmeetings. (Minutes are posted approximately two business days after a meeting.)

CN requests that the following provisions be included in municipal land use planning regulatory documents:

1. A minimum building setback for residential and other sensitive land uses from a railway right-of-way is 30 metres in conjunction with a 2.5 metre high earthen berm (with 2.5 to 1 side slopes, adjoining and parallel to the railway right-of-way with returns at the ends). In absence of a safety berm, a 120 metres setback is required. *

** The 30 m setback and 2.5 m high earthen berm requirement is for Principal Main Lines. For Secondary Main Lines, the requested setback is 30 m but the minimum berm height is 2.0 m. For Principal Branch Lines, the requested setback is 15 m and the minimum berm height is 2.0 m.*

2. A 1.83 metre chain link security fence is required along the mutual property line with the railway right-of-way, to be installed and maintained at the Applicant/Owner's own expense.
3. Any future residential development adjacent to the railway right-of-way will require approval from the railway for noise and vibration mitigation measures.
4. New residential development or other sensitive land uses will not be permitted within 300 metres of a rail yard (if applicable).

CN requests that the following policies be included in municipal land use planning policy documents:

1. Municipal Council acknowledges the importance of the rail infrastructure and recognizes its critical role in long-term economic growth and the efficient and effective movement of goods and people. Council shall ensure the continued viability and ultimate capacity of the rail corridors and yards (if applicable) is protected and shall identify and support strategic infrastructure improvements such as targeted grade separations.
2. Sensitive land uses will not be encouraged adjacent or in proximity to rail facilities.
3. All proposed residential or other sensitive use development within 300 metres of a railway right-of-way will be required to undertake noise studies, to the satisfaction of the Municipality in consultation with the appropriate railway, and shall undertake appropriate measures to mitigate any adverse effects from noise that were identified. All available options, including alternative site layouts and/or attenuation measures, will be thoroughly investigated and implemented if practicable to ensure appropriate sound levels are achieved, particularly with respect to the 55 dBA outdoor living area criterion.
4. All proposed residential or other sensitive use development within 75 metres of a railway right-of-way will be required to undertake vibration studies, to the satisfaction Municipality in consultation with the appropriate railway, and shall undertake appropriate measures to mitigate any adverse effects from vibration that were identified.
5. All proposed development adjacent to railways shall ensure that appropriate safety measures such as setbacks, berms and security fencing are provided, to the satisfaction of the Municipality in consultation with the appropriate railway. Where applicable, the Municipality will ensure that sightline requirements of Transport Canada and the railways are addressed.
6. Implementation and maintenance of any required rail noise, vibration and safety impact mitigation measures, along with any required notices on title such as warning clauses and/or environmental easements, will be secured through appropriate legal mechanisms, to the satisfaction of the Municipality and the appropriate railway.
7. New residential development or other sensitive land uses will not be permitted within 300 metres of a rail yard (if applicable).

8. All residential development or other sensitive land uses located between 300 m and 1000 m of a rail yard will be required to undertake noise studies, to the satisfaction of the Municipality and the appropriate railway, to support its feasibility of development and, if feasible, shall undertake appropriate measures to mitigate any adverse effects from noise that were identified.
