**Subject:** Rezoning Application for Character Home Incentives

To Mayor & Counillors,

I am in full support of retaining the character homes (what is left of them) by rezoning neighbourhoods. Our group has been trying for many years to stop this madness of near total destruction of our neighbourhood. So what we are left with is McMansions which are often left empty or flipped. Also, along with the demolitions we have lost so many mature trees and gardens. This whole market is run by greed and it is time for real leadership to step up and do what is right for the people of Vancouver. The offshore investors do not care about neighbourhoods and character and the developers are only too happy to accommodate as the market is such that the bigger you build the more money your house sells for. This is so wrong and there must be changes made immediately.

Regards,

Beverley Watt
