Sep. 14, 2017

Vancouver City Hall

I have Lived at my rented Home for over 40 years ,in a lovely house .It pains me beyond description that you wont to tear down my home and put me and my cat out on the street .I have been trying to find a home with B.C. Housing for over 10-15 years . "s.22(1) Personal and Confidential)" knowing that I will need it in the future ,but to no avail . There are to many people living in lovely older homes in this area were we work or go to school . Now you will make it impossible for us to afford these new tiny dwelling you plan .

**Subject:** Home demolitions

Please record my voice in opposition to the senseless and rampant demolition of homes in Vancouver. I am sick to see these demolitions, and horrified to see the destruction of the trees and gardens of these homes. The character of Vancouver and it's green canopy cannot be replaced.

Sincerely Jude Hartman

**Subject:** Save Vancouver's character houses

To whom it may concern,

Why on earth do these few people (Vancouver's City councillors) allow NON Canadians to tear down beautiful quality built homes, in order to slap up sub standard houses, and ruin well established neighbourhoods. You do know most of them (the Non Canadians) do it to launder their DRUG MONEY!!! STOP THIS RAPING OF VANCOUVER, ALREADY!!!!!!

Sincerely;

Carol Wyant
