Subject: Character Home Retention Incentives

Dear Mayor Robertson and Councillors,

I live in an area of Kitsilano which is zoned RT-7. Having lived in this area for over 20 years, I fully support RT 7 (or similar RT type zoning). My neighbourhood contains character houses which are preserved, even when renovated. This is a far different environment from the existing tragic situation currently permitted in West Point Grey with ongoing demolition of character homes.

RT zoning restrictions and incentives are effective. The simple solution is to extend the RT zoning to the rest of Vancouver.

Yours sincerely

David Wilson
