Hi,

I'm very excited to have more developpement in this area.

Will the side of the building facing 1st Avenue West align to the current sidewalk and match the greenery trees setup of the rest of the block? The current sidewalk sticks out instead of continuing a straight line.

Is it possible to design or setup the alley way entrance so it is brighter? We have issues with people sleeping on the Cook side of the alley way behind the Margaret Ford.

Thanks,
Derek

Hi,

My husband and I rent a condo at s.22(1) Personal and Confidential in Vancouver. We received the notice in the mail last evening about your Public Hearing. We are pleased to hear that you are building more rental units in the city of Vancouver. We cannot afford to buy a condo in this city as it is too expensive and we both have good jobs. The question I wanted to ask is, will the rents be at the highest rent you can get for the suites or will it be within reason? My husband thinks you will try to get as much as possible for the suites and that concerns me.

I know it will be a few years from now when the building is built but can I be put on a waiting list for information about the building when it is complete?

My home email address is:

or at my email address at work

Thank you for your assistance.

Joanie
