To: Public Hearing
Subject: Cambie street 4238-4262

To Whom it May Concern:

This may be late but its Chanukah and Christmas and December 12 came upon me very quick.

I agree with city planners on the requirements that the builder/developer must follow (appendix B) if you approve this development specific to the town homes on the lane and the spaces between them as well as how the rooftop decks should be towards Cambie street as apposed to the east of the building overlooking the town homes as it lacks privacy.

I don't agree with this development as I feel that orphaning both corner properties is not appropriate and that the city may be able to do something more substantial with all four homes that encompass some social housing. You are definitely orphaning the two corner lots and I do not agree that the city should approve this application based on that.
