Subject: Public Meeting June 26 - Bylaws for Cannabis, use-restrictions.

Hi,
so I noticed that there will a public hearing on June 26, discussing Zoning, Development, & Licensing by-laws for Cannabis.
<http://council.vancouver.ca/20180626/phea20180626ag.htm>

What I am concerned about are use-restriction by-laws for Cannabis and what the City is doing to help people avoid being exposed to unwanted second-hand, potentially intoxicating, Cannabis smoke/vapours. Especially when in their homes (condos) with the windows open (because it's summer & it will be hot; because fresh air is needed at all times of the year).

The use restriction by-laws for smoking/vaping Cannabis needs to be more restrictive then what is in-place for tobacco, as second-hand cannabis smoke is potentially intoxicating, unlike tobacco smoke.

So can someone let me know what the Vancouver City is doing about this?
And will this area for (new) by-laws be discussed during this June 26th meeting, and if not then when will it be?

Thank you.
Sincerely,

Robert Hardy.
