Importance: High

The proposed 12 co-housing units needs more parking spaces. With Air B & B, lane houses, etc , property owners are currently having difficulty parking . If you have only 2 vehicle parking spaces for 12 units where are the these people suppose to park? Not to mention their visitors. Please allow for more vehicle parking spaces, I suggest at least one for every unit. (some units may have 2 vehicles).

I agree 15 bicycle parking spaces is sufficient. Bella Maud
